Narrative for: Safeway at 32551 N. Scottsdale Rd.

Manufacture and Install Monument sign at the noted location. Yesco is requesting a monument sign that is 5'-0" in height X 11'-0" in length. The display is halo-illuminated with reverse pan channel and flat cut out letters. The Safeway logo includes 6" returns with a white lexan and red vinyl overlay and, LED illumination. The letters and logo are mounted on a 10 gauge steel plate (2 layers) with accelerated natural rust finish. The proposed sign is finished with random mix of sandstone to compliment the existing architecture.
