Please do not relocate the Scottsdale Farmers Market. It is in a perfect location with ample parking.

Do not put a parking garage across from the Old Adobe Mission. This area is all part of 'Old Town' and should not be ruined by a parking garage.

Thanks
Frequent market customer

Do not move the Farmer's Market. It is such a huge part of my community here in Scottsdale and something I look forward to every Saturday. It's where I can buy locally grown produce and homemade crafts and products, along with many other things. Do not take the Farmer's Market away from Scottsdale citizens.

It would be shameful to build a parking garage where Farmers Market is held. It takes away from the curb appeal of local businesses like the Mission. There's already a parking garage across the street. People should be encouraged to walk, bike or take public transit instead.

Thank you

Subject: Parking Garage in old town vs farmers market.

⚠ External Email: Please use caution if opening links or attachments!

Hello council

I cannot attend the conference.

Would love to ask if you have talked to Honor Health, about sharing their parking space, immediately south of the farmers market.

I would think that building a three floor parking lot above their lot in the airspace, would benefit them from shading their spaces in the summer, while giving Scottsdale old town in the parking spaces they want would nearly the same access to old town.

I think building a parking structure in the location of the farmers market disrupts a useful open space. For something that won't be used as much as we think.

Thank you for your attention to this matter.

Fred C Bollhoffer

Please do not compromise this historic block – the Mission, the merchants. Certainly there must be another place to build a garage. Old Town is such a wonderful historic place.

Thank you,
Donna Georgette
