

PETITION COVER LETTER TO THE CITY OF SCOTTSDALE CITY COUNCIL

SUBMITTED MARCH 19, 2026

To all Council members,

This cover letter is for a petition entitled "Scottsdale Resident Petition to the Scottsdale City Council" that has been signed by individuals that meet the standard of speaking to the City Council in Public Comment at Council meetings: Residents, and owners of property and/or businesses in the City of Scottsdale.

This petition was circulated on paper and online, and has 4,628 signatures of individuals telling you to

STOP!

Since May 2025, you have received 3 petitions on the subject of building a garage on top of the Parking Corral. Those petitions had a combined total of signatures of approximately 15,000. You are not listening to residents. You have been contemptuous toward residents making the reasonable requests for Town Hall meetings and the conducting of a Parking Study to determine the need for building a garage.

This petition provides you the opportunity to at least demonstrate the good judgment to pause this garage project to conduct a Parking Study to determine need for spending \$18,000,000 to build a garage at the Parking Corral location or at a less culturally and historically significant area of Scottsdale.
