PETITION

PETITION COVER LETTER TO THE CITY OF SCOTTSDALE CITY COUNCIL
SUBMITTED APRIL 9, 2026

SCOTTSDALE CITY CLERK
2026 APR 9 PM 3:42

To all Council members,

This cover letter is for a petition entitled "Scottsdale Business and Business Property Owner Petition to the Scottsdale City Council." The signatures on this petition are exclusively from people Business and/or Business Property Owners inside a perimeter formed by Indian School Road and 2nd street and Scottsdale Road and Brown Avenue which is known as Historic Old Town. This petition has 34 signatures from the owners of businesses and/or business properties, many of them the oldest and most famous in Scottsdale history, and they are telling you to

STOP!

Since you did not intuitively understand what course of action residents wanted you to take upon receipt of the previously submitted Scottsdale Resident Petition telling you to stop your plan to build a garage at the Parking Corral here is specifically what is wanted:

Create an Agenda Item for the next Council meeting that is for the purpose of voting to cancel the plan to build a garage at the Parking Corral.

This petition, like the others you received, again provides you the opportunity on your own initiative to pause this garage project to conduct a Parking Study to determine the need to build a garage at the Parking Corral. The petition is not asking you to do this but it certainly should give you an incentive to do so.

Sign on behalf of the Business and Business Property Owners who signed the petition,

Steven Allen Sutton

6637 N. 81st Street, Scottsdale

Scottsdale Business and Business Property Owner Petition to the Scottsdale City Council

We, the undersigned Scottsdale Business and Business Property Owners, petition the City Council to cancel plans to build a garage extension at the Brown Avenue Parking Corral. We are telling you:

- Do not damage Old Town business revenues with months of garage construction activity.
- Do not degrade Historic Old Town's resident, visitor, and customer attracting charm and ambience.
- Do not harm Old Town businesses that benefit from sharing the Farmers Market's Customers.
- Do not move the Farmers Market from its current location to the inconvenient City Hall parking lot.
- Do not risk causing the Farmers Market to leave Scottsdale due to an insufficiently profitable location.
- Do not disrespect the cultural significance of Old Adobe Mission, Scottsdale's oldest standing church.
- Do not waste \$15,000,000 to \$20,000,000 on an unnecessary Parking Corral garage extension.
