Parcel #: (130-12-112) (130-12-113) (130-12-114)

My name is Ken Molfetta with Aline Architecture Concepts, we are representing Tom Frenkel with Clayton Companies to update/re-develop an existing retail shell building in the Scottsdale Downtown Core Area. The re-development of this building will comply with the existing approved ordinances/plans by adding a new exterior architectural expression, provide shade along the public way as well as add to the eclectic mix of uses and businesses already in the area in order to attract a new upscale tenant for the space.

Per sec. 1.904 – criteria see below

The scope of this project includes the re-use of two thirds of the existing structures on site, while at the same time connecting and infilling the existing space between them to create a more cohesive architectural expression along Main Street.

Architectural Character:

The existing architectural character of the area is an eclectic mix of midcentury modern, modern & southwestern/western architectural styles. This particular site is located in the Downtown Core but outside of the historic Old Town District which allows for different expressions of architectural styles as seen in the surrounding context. The updated façade along Main Street and Marshall Way, will be connected with a new wood & steel trellis shade canopy; twisting and wrapping the corner of the building. The trellis replaces an existing covered sidewalk design and allows for the existing mature palm trees to pass thru, maintaining the area character along the north elevation (Main Street). The rear of the building will be enhanced to provide a courtyard, trash refuse yard, and minimal on-site parking, with an enhanced/widened alleyway, all with refreshed landscaping throughout.

Ingress/egress:

Pedestrian access will be maintained along Main St. and Marshall Way via an 8'-0" wide sidewalk with the main access point on the north side along Main Street. Access to the on-site parking and trash refuse yard will be maintained using the existing one way alley to the south. All existing street parking to remain. Site circulation is primarily pedestrian due to the urban nature of the project location in Old Town's Downtown Core.

Mechanical Equipment:

All mechanical/utility equipment will be fully screened and located on the existing structures rooftops. Any new equipment will be fully screened per city code. A new SES will be provided and located along the south elevation/existing alley.

---

Downtown Area Plan:

This project helps enhance the character of the downtown area plan by emphasizing key project goals of enhancing circulation, providing pedestrian and bicycle infrastructure, maintaining shade and updating an existing structure for a new high-end tenant, complimenting the surrounding neighborhood.

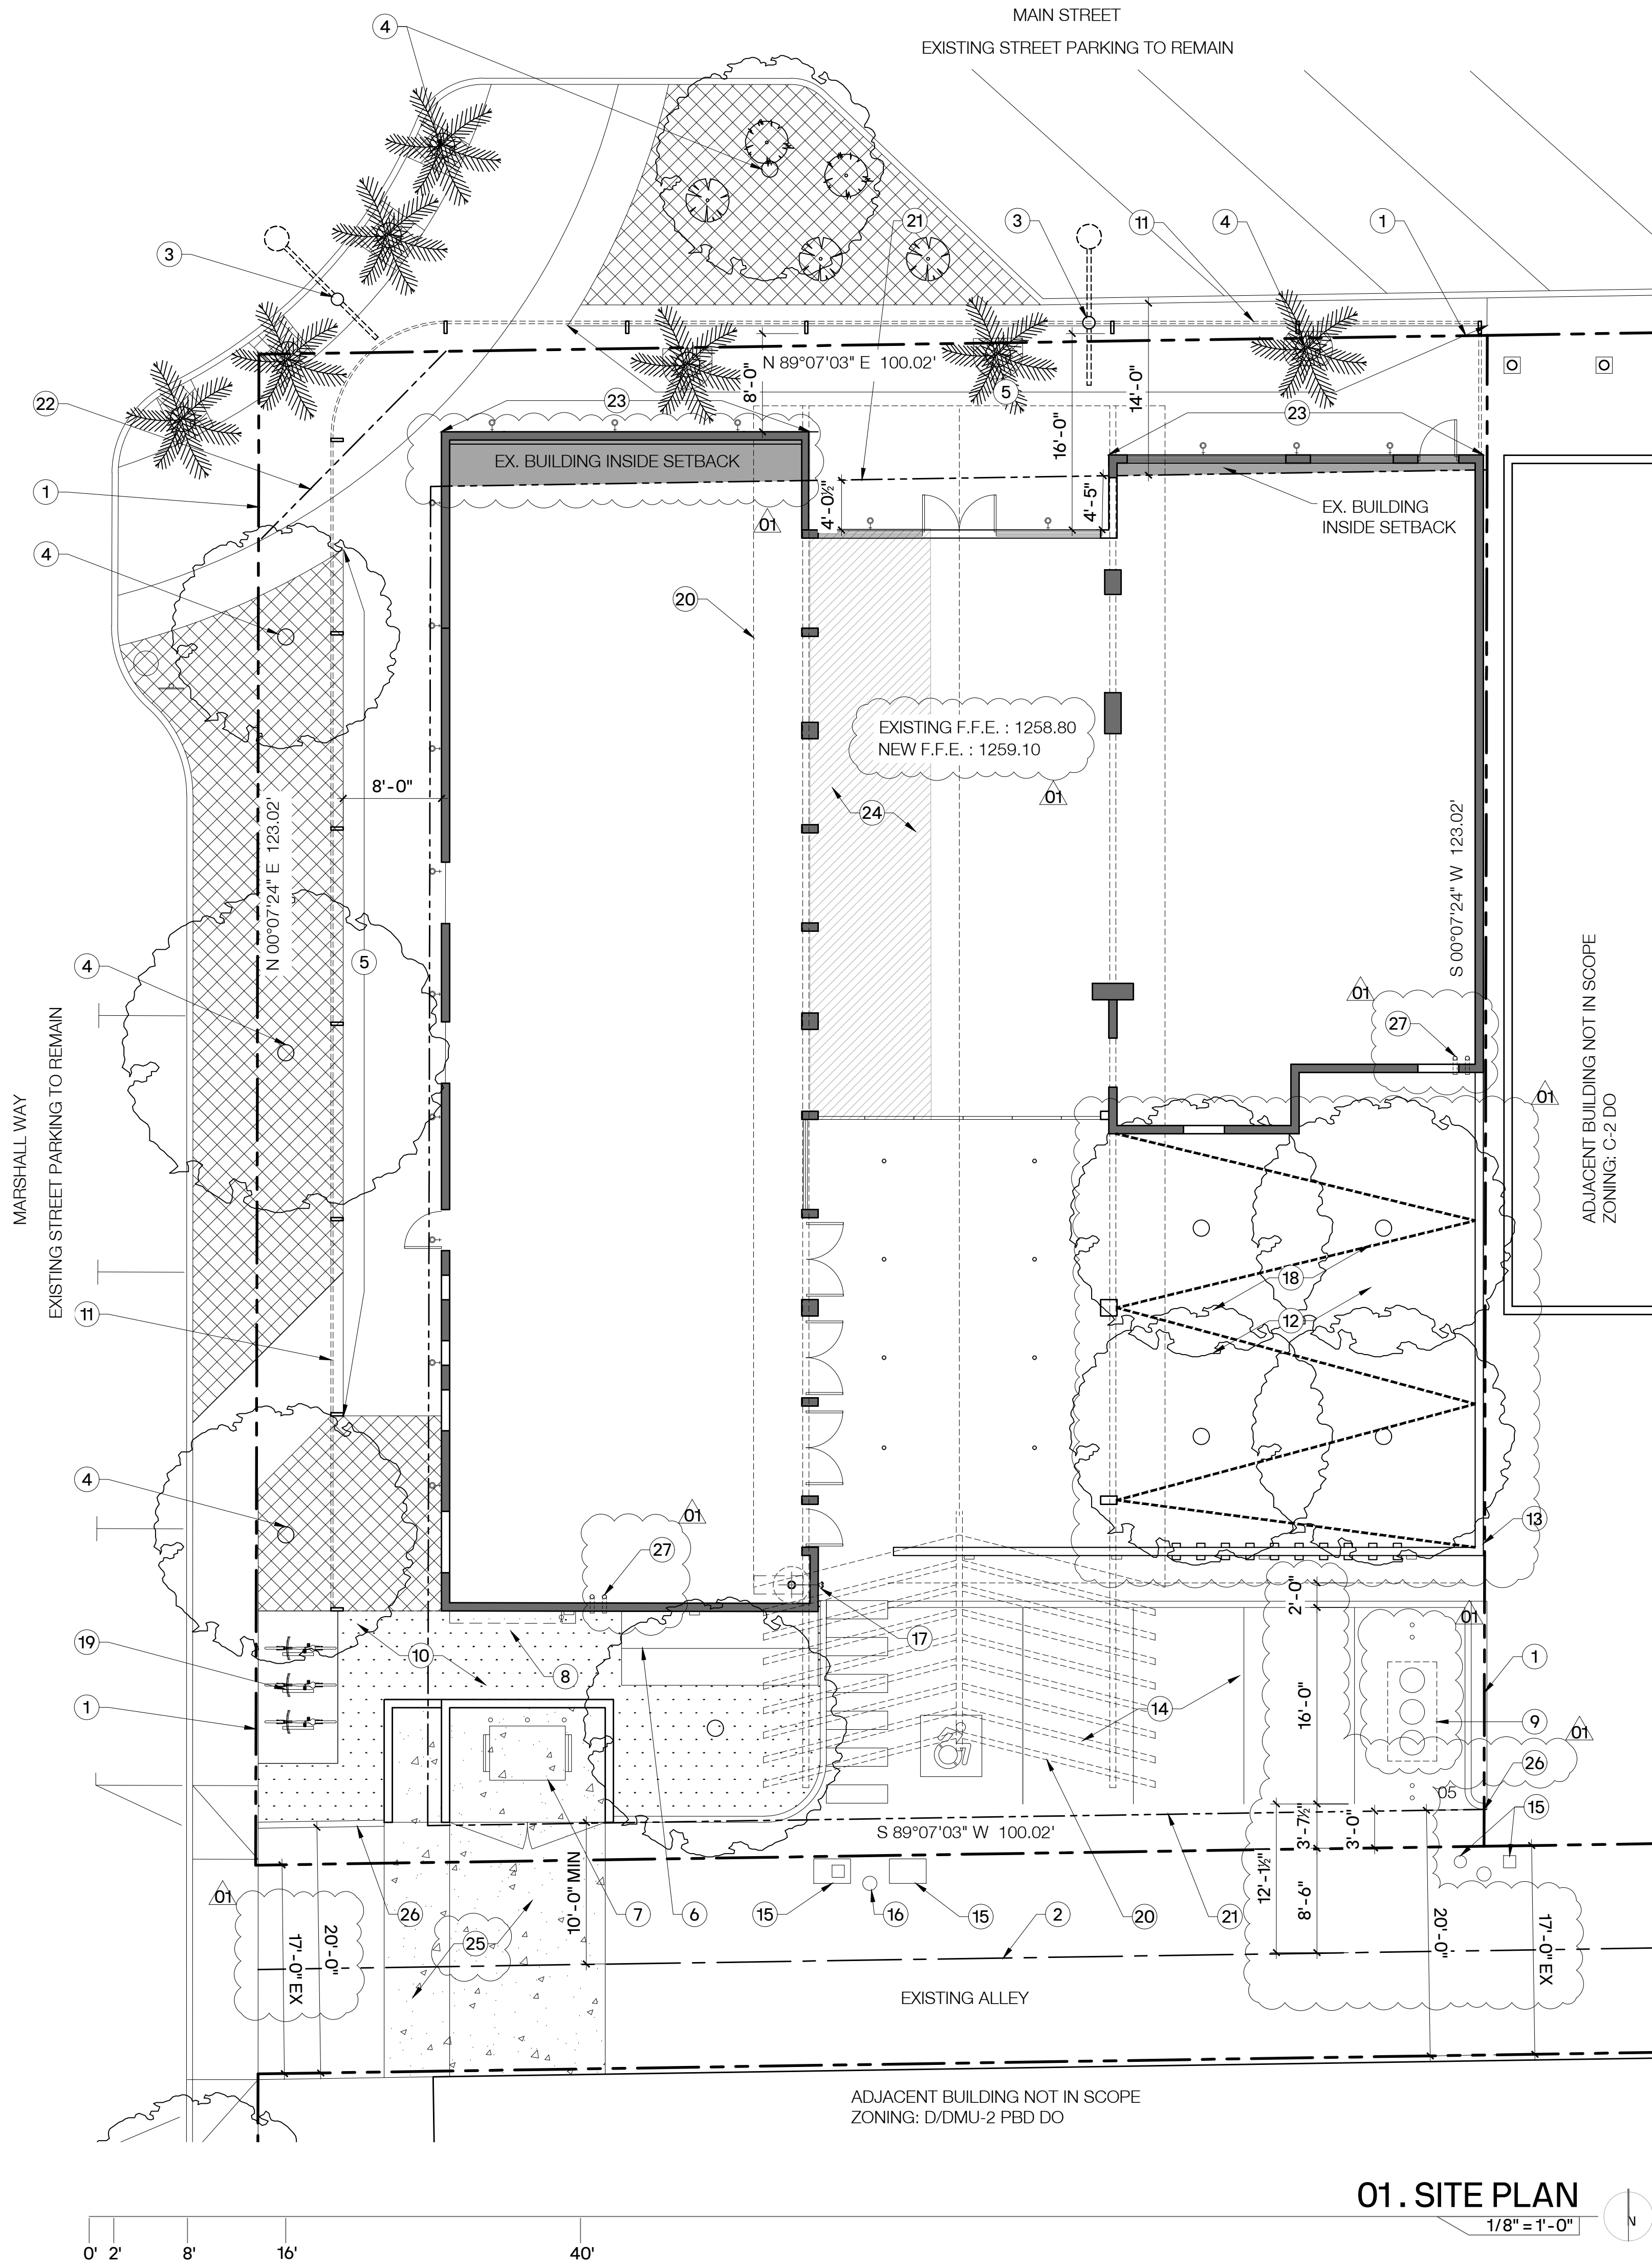

Public Art:

Location of public art: Any public art incorporated into this project shall meet the criteria of sec. 1.904. This project does not have space on the site to incorporate public art per the requirements below. Ownership to contribute to a cultural trust fund in lieu of installation of art on site per code requirements.

- Accessibility to the public
- Location near pedestrian circulation routes consistent with existing or future development or natural features
- Location near the primary pedestrian or vehicular entrance of a development
- Location in conformance with the Design Standards and Policies Manual for locations requirements
- Location in conformance to standards for public safety

We thank the City of Scottsdale staff for comments in consideration of this Design Review approval request.

1/8" = 1'-0"

KEYNOTES - SITE PLAN

1. PROPERTY LINE
2. CENTERLINE OF ALLEY
3. EX. LIGHT POLE TO REMAIN
4. EX. STREETSCAPE TREES TO REMAIN
5. EX. SIDEWALK TO REMAIN
6. SERVICE ENTRANCE SECTION (SES)
7. TRASH ENCLOSURE
8. GAS METER
9. FUTURE GREASE INTERCEPTOR LOCATION (NOT THIS SCOPE)
10. NEW LANDSCAPING
11. RECONSTRUCTED COVERED WALKWAY CANOPY
12. PROPOSED COURTYARD
13. NEW 8'-0" H. SCREEN WALL
14. RE-STRIPED PARKING AREA
15. RELOCATE UTILITIES AS REQUIRED, VIF
16. UNDERGROUND EX. OVERHEAD POWER AS REQUIRED, VIF
17. PROPOSED FDC
18. NEW TREES IN COURTYARD
19. BIKE RACK
20. LINE OF ROOF ABOVE
21. 14'-0" BUILDING SETBACK PER ZO SEC. 5.3006C
22. SIGHT VISIBILITY TRIANGLE
23. EXISTING BUILDING INSIDE SETBACK - SCOPE INCLUDES UPDATING GLAZING AND MAINTAINING EXISTING BUILDING ENVELOPE WHERE SHOWN
24. NEW SQUARE FOOTAGE ADDED TO EXISTING BUILDING FOOTPRINT
25. NEW CONC. APRON AT TRASH ENCLOSURE
26. NEW EDGE OF PAVEMENT
27. NEW INTERNAL ROOF DRAIN AND OVERFLOW TO DAYLIGHT INTO LANDSCAPE

GENERAL NOTES - SITE PLAN

1. SRC 47: APPLICANT TO ACKNOWLEDGE THE FOLLOWING CONSTRUCTION RESTRICTIONS - MARSHALLING + STORAGE YARD. CITY ROW'S, INCLUDING ALLEYS, MAY NOT BE USED FOR MARSHALLING OR STORAGE YARDS WITHOUT THE APPROVAL OF THE CITY'S TRANSPORTATION DEPARTMENT AND PAYMENT OF ASSOCIATED FEE THRU THE APPLICATION AND APPROVAL THE MARSHALLING + STORAGE YARD PERMIT. CITY APPROVAL IS NOT GUARANTEED
2. NO SERVICE, VS DISTRIBUTION, UTILITY ABOVE GRADE STRUCTURES SHALL BE PLACED WITHIN THE CITY'S ROW.
3. CONSTRUCTION WORK IN THE ALLEY SHALL BE COORDINATED WITH SOLID WASTE. DISRUPTION TO SERVICE ROUTES SHALL BE MITIGATED BY APPLICANT
4. ALL EXTERIOR LIGHTING SHALL BE NO MORE THAN 3000K AND ALL FIXTURES TO BE DIRECTED DOWNWARD AND SHIELDED PER CITY OF SCOTTSDALE EXTERIOR LIGHTING POLICY, TYP.

GRAPHIC LEGEND

- ex. building envelope within 14'-0" setback - new scope includes updating glazing in this location. ex. building envelope to remain.
- new interior square footage added to ex. structure outside the 14'-0" building setback
