EXCESS LIABILITY INSURANCE POLICY

SECTION I – COVERAGE

1. Insuring Agreement

- a. We will pay on behalf of the insured those sums in excess of the "retained limit" that the insured becomes legally obligated to pay as damages by reason of liability covered by and as described in the "controlling underlying insurance".
- b. This policy will follow the terms, conditions, exclusions, definitions, and provisions of the "controlling underlying insurance" except as otherwise stated in this policy.
- c. Where "underlying insurance" includes terms, conditions, exclusions, definitions, or provisions more restrictive than "controlling underlying insurance", then this policy shall follow and apply the more restrictive item(s).

2. Defense

- a. Upon exhaustion of the "retained limit", we will follow and apply the right and duty to defend if applied, and as described by the "controlling underlying insurance".
 - b. When we have no duty to defend, we will have the right to investigate, defend, or to participate in the defense of the insured against any claim or suit. We shall also have the right to settle any claim or suit that may involve this insurance.
3. Our duty to pay those sums and defend the insured shall end when we have used up our Limits of Insurance in the payment of any judgment, settlement, or where applicable, defense expenses, to which this insurance applies.

SECTION II – LIMITS OF INSURANCE

1. The Limits of Insurance of this policy apply as follows:

- a. The Aggregate Limit is the most we will pay for the sum of all damages to which this policy applies.
However, this Aggregate Limit only applies to damages that are subject to an aggregate limit of insurance under the "controlling underlying insurance".
 - b. Subject to Paragraph 1.a. above, the Each Occurrence Limit is the most we will pay for the sum of all damages under this insurance arising out of any one "event".
 - c. If the Limits of Insurance of the "controlling underlying insurance" are reduced by defense expenses, then any payment for defense expenses we make will reduce our Limits of Insurance in the same manner.
2. If any "controlling underlying insurance" or "underlying insurance" has a policy period that is different from the policy period of this policy, then for the purposes of this policy, the "retained limit" will only be reduced or exhausted by payments made for those sums covered under this insurance.
3. If any coverage provided by "controlling underlying insurance" or "underlying insurance" is subject to a sublimit, then the coverage provided by this policy shall not apply to any claim, suit, damages, or defense expenses subject to such sublimit. However, this policy shall recognize the erosion of the "retained limit" to the extent of any payment made within such sublimit.

ENTERPRISE OPERATIONS

THE WM PHOENIX OPEN HAS BEEN AWARDED THE 2025 PGA TOUR EVENT OF THE YEAR!

The PGA TOUR announced its 2025 “Best Of” award winners, naming the WM Phoenix Open as “Event of the Year” for the sixth time. This honor recognizes tournaments that excel in fan and player experience, charitable impact and sponsor integration.

Held between Phoenix and Scottsdale since 1932 and at TPC Scottsdale since 1987, the event introduced major operational upgrades for 2025 under the theme “Better, Not Bigger.” Longstanding traditions like free early-week admission, free parking, and popular local food options were preserved. Enhancements such as wider walkways, redesigned entry points, improved hospitality and open-to-all areas elevated the experience for fans and players.

The WM Phoenix Open also continued its leadership in sustainability, remaining one of the world’s largest certified zero-waste sporting events. The tournament diverts materials from landfills through recycling, composting, donation, reuse and energy recovery. In 2025, its Working For Tomorrow FundSM generated more than \$420,000 to support environmental projects across Arizona.
