

PLANNING COMMISSION REPORT

Meeting Date: July 12, 2023
General Plan Element: *Land Use*
General Plan Goal: *Create a sense of community through land uses*

ACTION

The George Hotel 16-UP-2007#2

Request to consider the following:

1. A recommendation to City Council regarding a request by owner for an amendment to an existing Conditional Use Permit (16-UP-2007) for site plan amendments for a travel accommodation to allow for a new three-story hotel building, one-story gym/café, site improvements, and renovations and expansions to existing hotel buildings on a +/- 4.74-acre site with Multiple-family Residential Planned Community District (R-5 PCD) zoning, located at 7330 N. Pima Road.

Goal/Purpose of Request

The applicant's request is for approval of a new three-story hotel building with 50 rooms, gym/café amenity building, expansion of the existing lobby, and other associated site improvements.

Key Items for Consideration

- Conditional Use Permit Criteria
- Previous Use Permit Case (16-UP-2007) approved a redevelopment for a total of 100 rooms and was never built
- This case proposes a total of 84 rooms
- New hotel building steps from two-stories to three-stories, away from the residential buildings to the west
- Perimeter landscaping provided
- Increased landscaping on the North Pima Road frontage
- Two written comments and one phone call received

LOCATION

7330 North Pima Road

BACKGROUND

General Plan

The General Plan Land Use Element designates the property as Resorts/Tourism. This category includes hotels and a variety of resorts, which can be freestanding, part of a resort community, or part of a master-planned development.

Zoning

The site is zoned Multiple-family Residential Planned Community District, R-5 PCD. A hotel use is a permitted use in an R-5 District subject to Conditional Use Permit approval. The applicant is required to amend the existing Conditional Use Permit for the proposed hotel redevelopment project.

Context

The existing hotel establishment is located within the Inner Circle Subdivision. The hotel site is located approximately one-half mile north of the northwest corner of N. Pima Road and E. Indian Bend Road. Access to the hotel establishment is provided by N. Pima Road which connects to the internal existing Inner Circle Drive, serving seventeen individual lots within the subdivision. Please refer to context graphics attached.

Adjacent Uses and Zoning

- North: Existing 40-unit condominiums within the Pima Inn Condominiums, Phase II Subdivision, zoned Multiple-family Residential, Planned Community District (R-5 PCD).
- South: Existing attached single-family residences within the Inner Circle Subdivision, zoned Multiple-Family Residential, Planned Community District (R-5 PCD).
- East: Existing North Pima Road, Great Wolf Lodge within the Salt River Pima-Maricopa Indian Community farther east.
- West: Existing attached single-family residences within the Inner Circle Subdivision, zoned Multiple-Family Residential, Planned Community District (R-5 PCD).

APPLICANT’S PROPOSAL

Development Information

The proposal is to amend the existing Conditional Use Permit (16-UP-2007) and the associated site plan to renovate the hotel site. The proposed site plan includes demolition of the existing one-story, 12 room, hotel building along the north boundary of the site and replacement with a new three-story, 50 room, hotel building. New work also includes a one-story fitness studio and outdoor café in the southwest corner of the site and expansion of the existing lobby building. Site improvements include a new pool in the northwest portion of the site, handicap parking improvements, and increased pedestrian connections throughout the site. The existing two-story, 34 room, hotel building to the south, will remain.

- Existing Use: 12-room hotel, 34-room hotel
- Proposed Use: Existing 34-room hotel, New 50-room hotel (84 rooms total)
- Buildings/Description: New 40,910 square foot hotel
New 1,544 square foot gym/cafe
Expanded 5,857 square foot lobby
Existing 15,181 square foot hotel
- Parcel Size: 4.74 acres / 206,493 sf (net)
- Allowable Density: 33 guest units/acre
- Proposed Density: 17.7 guest units/acre
(22 guest units/acre when accounting for the 40 condominium units)
- Building Height Allowed: 36 feet, exclusive of rooftop appurtenances
- Building Height Proposed: 35 feet, exclusive of rooftop appurtenances
- Parking Required: 181
- Parking Provided: 182
- Open Space Required: 51,623 square feet
- Open Space Provided: 77,000 square feet

IMPACT ANALYSIS

Land Use

The site has been operating as a hotel since the late 1960s and early 1970s when the original hotel Conditional Use Permit was approved. The most recent hotel Conditional Use Permit approval on file

(16-UP-2007) included a demolition of all the buildings on the hotel site for a new 100 room L-shaped building but was never constructed. This proposal is to amend the previously approved site plan and results in 84 rooms total.

Conditional Use Permit

Conditional Use Permits, which may be revocable, conditional, or valid for a specified time period, may be granted only when expressly permitted after the Planning Commission has made a recommendation and City Council has found as follows:

- A. That the granting of such Conditional Use Permit will not be materially detrimental to the public health, safety or welfare. In reaching this conclusion, the Planning Commission and the City Council's consideration shall include, but not be limited to, the following factors:
 1. Damage or nuisance arising from noise, smoke, odor, dust, vibration, or illumination.
 - **The hotel enforces quiet hours, has strong existing perimeter vegetation and screen walls, and all new lighting will be full cut off and directed downward per code.**
 - **No impacts from noise, odor, dust, vibration, or illumination are anticipated.**
 2. Impact on surrounding areas resulting from an unusual volume or character of traffic.
 - **The property is currently operating as a hotel and access is provided by North Pima Road, which will remain unchanged.**
 - **The hotel renovations are not anticipated to generate unusual volume of traffic that would negatively impact the existing traffic conditions.**
- B. The characteristics of the proposed conditional use are reasonably compatible with the types of uses permitted in the surrounding areas.
 - **The existing hotel is surrounded by residential subdivisions to the north, west, and south, and a similar tourism use to the east (Great Wolf Lodge).**
- C. The additional conditions in Section 1.403 have been satisfied:
 - **There are no additional conditions related to hotel uses in Section 1.403 of the Zoning Ordinance.**

Transportation

Access to the site is unchanged and will remain along North Pima Road using the internal access drive, Inner Circle Drive. The transportation department has approved the site plan amendment.

Water/Sewer

The applicant provided Basis of Design reports for water and sewer, which have been accepted by the Water Resources Division. The City of Scottsdale is an Arizona Department of Water Resources designated provider with a 100 years Assured Water Supply and will supply water in accordance with City codes, ordinances, and the City's Drought Management Plan. All infrastructure upgrades necessary to serve this project will be completed by the applicant.

Fire/Police

The nearest fire station is #603, within 1.07 miles of the site and located at 8191 E Indian Bend Road. The subject site is served by Police District Via Linda, Beat 10. As with any project that contributes to growth, the fire department and police department continually anticipate and evaluate resource needs for the city's budget process.

Open Space

The site is required to provide 51,623 square feet of open space and is providing 77,000 square feet. Open space is provided through the frontage landscape buffer along North Pima Road, interior common courtyard space, and perimeter landscaping. Due to the foundation location of the new hotel building, existing landscaping along the west and north elevation of the new building will be replaced to ensure screening is still provided for adjacent residents.

Community Involvement

Property owners within 750 feet of the site have been notified by mail of the request and the site is posted with the required signage. Per the applicant's Citizen Involvement Report, an Open House meeting was held at the subject site on September 1, 2022 at 5:30pm. There were questions about general security, street repair, and landscape maintenance. Staff has received one phone call regarding landscaping of Inner Circle Drive and two written comments with water and traffic concerns.

Community Impact

The hotel is an existing use on the property. There are existing water, sewer, drainage facilities, and an improved roadway serving the hotel site. Access to the site is provided via North Pima Road, which is a 4-lane Minor Arterial and can accommodate traffic generated by this use.

Policy Implications

Approval of the Conditional Use Permit amendment will allow for a new hotel building, renovations to existing buildings, increased amenities for guests, and landscape and pedestrian improvements to be completed at the site.

STAFF RECOMMENDATION

Recommended Approach:

Staff recommends that the Planning Commission find that the Conditional Use Permit criteria have been met and make a recommendation to City Council for approval, per the attached stipulations.

RESOLUTION NO. 12877

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SCOTTSDALE, MARICOPA COUNTY, ARIZONA, FOR AN AMENDMENT TO AN EXISTING CONDITIONAL USE PERMIT (16-UP-2007) FOR SITE PLAN AMENDMENTS FOR A TRAVEL ACCOMMODATION TO ALLOW FOR A NEW THREE-STORY HOTEL BUILDING, ONE-STORY GYM/CAFÉ, SITE IMPROVEMENTS, AND RENOVATIONS AND EXPANSIONS TO EXISTING HOTEL BUILDINGS ON A +/- 4.74-ACRE SITE WITH MULTIPLE-FAMILY RESIDENTIAL PLANNED COMMUNITY DISTRICT (R-5 PCD) ZONING, LOCATED AT 7330 N. PIMA ROAD.

WHEREAS, the Planning Commission held a public hearing on July 12, 2023;

NOW, THEREFORE, LET IT BE RESOLVED, by the City Council of the City of Scottsdale, Maricopa County, Arizona, as follows:

Section 1. That the City Council finds:

- a) that the granting of this conditional use permit per stipulations set forth on **Exhibit 2** will not be materially detrimental to the public health, safety or welfare based on, but not limited to, the following factors: damage or nuisance arising from noise, smoke, odor, dust, vibration or illumination and impact on surrounding areas resulting from an unusual volume or character of traffic; and
- b) that the characteristics of the proposed conditional use are reasonably compatible with the types of uses permitted in the surrounding areas.

Section 2. That a description of the conditional use permit is set forth in Case No. 16-UP-2007#2. The property that is subject to the conditional use permit is shown on **Exhibit 1** and the conditional use permit approval is conditioned upon compliance with all of the stipulations that are set forth in **Exhibit 2**. All exhibits are incorporated herein by reference.

The George Hotel
Case Number: 16-UP-2007#2

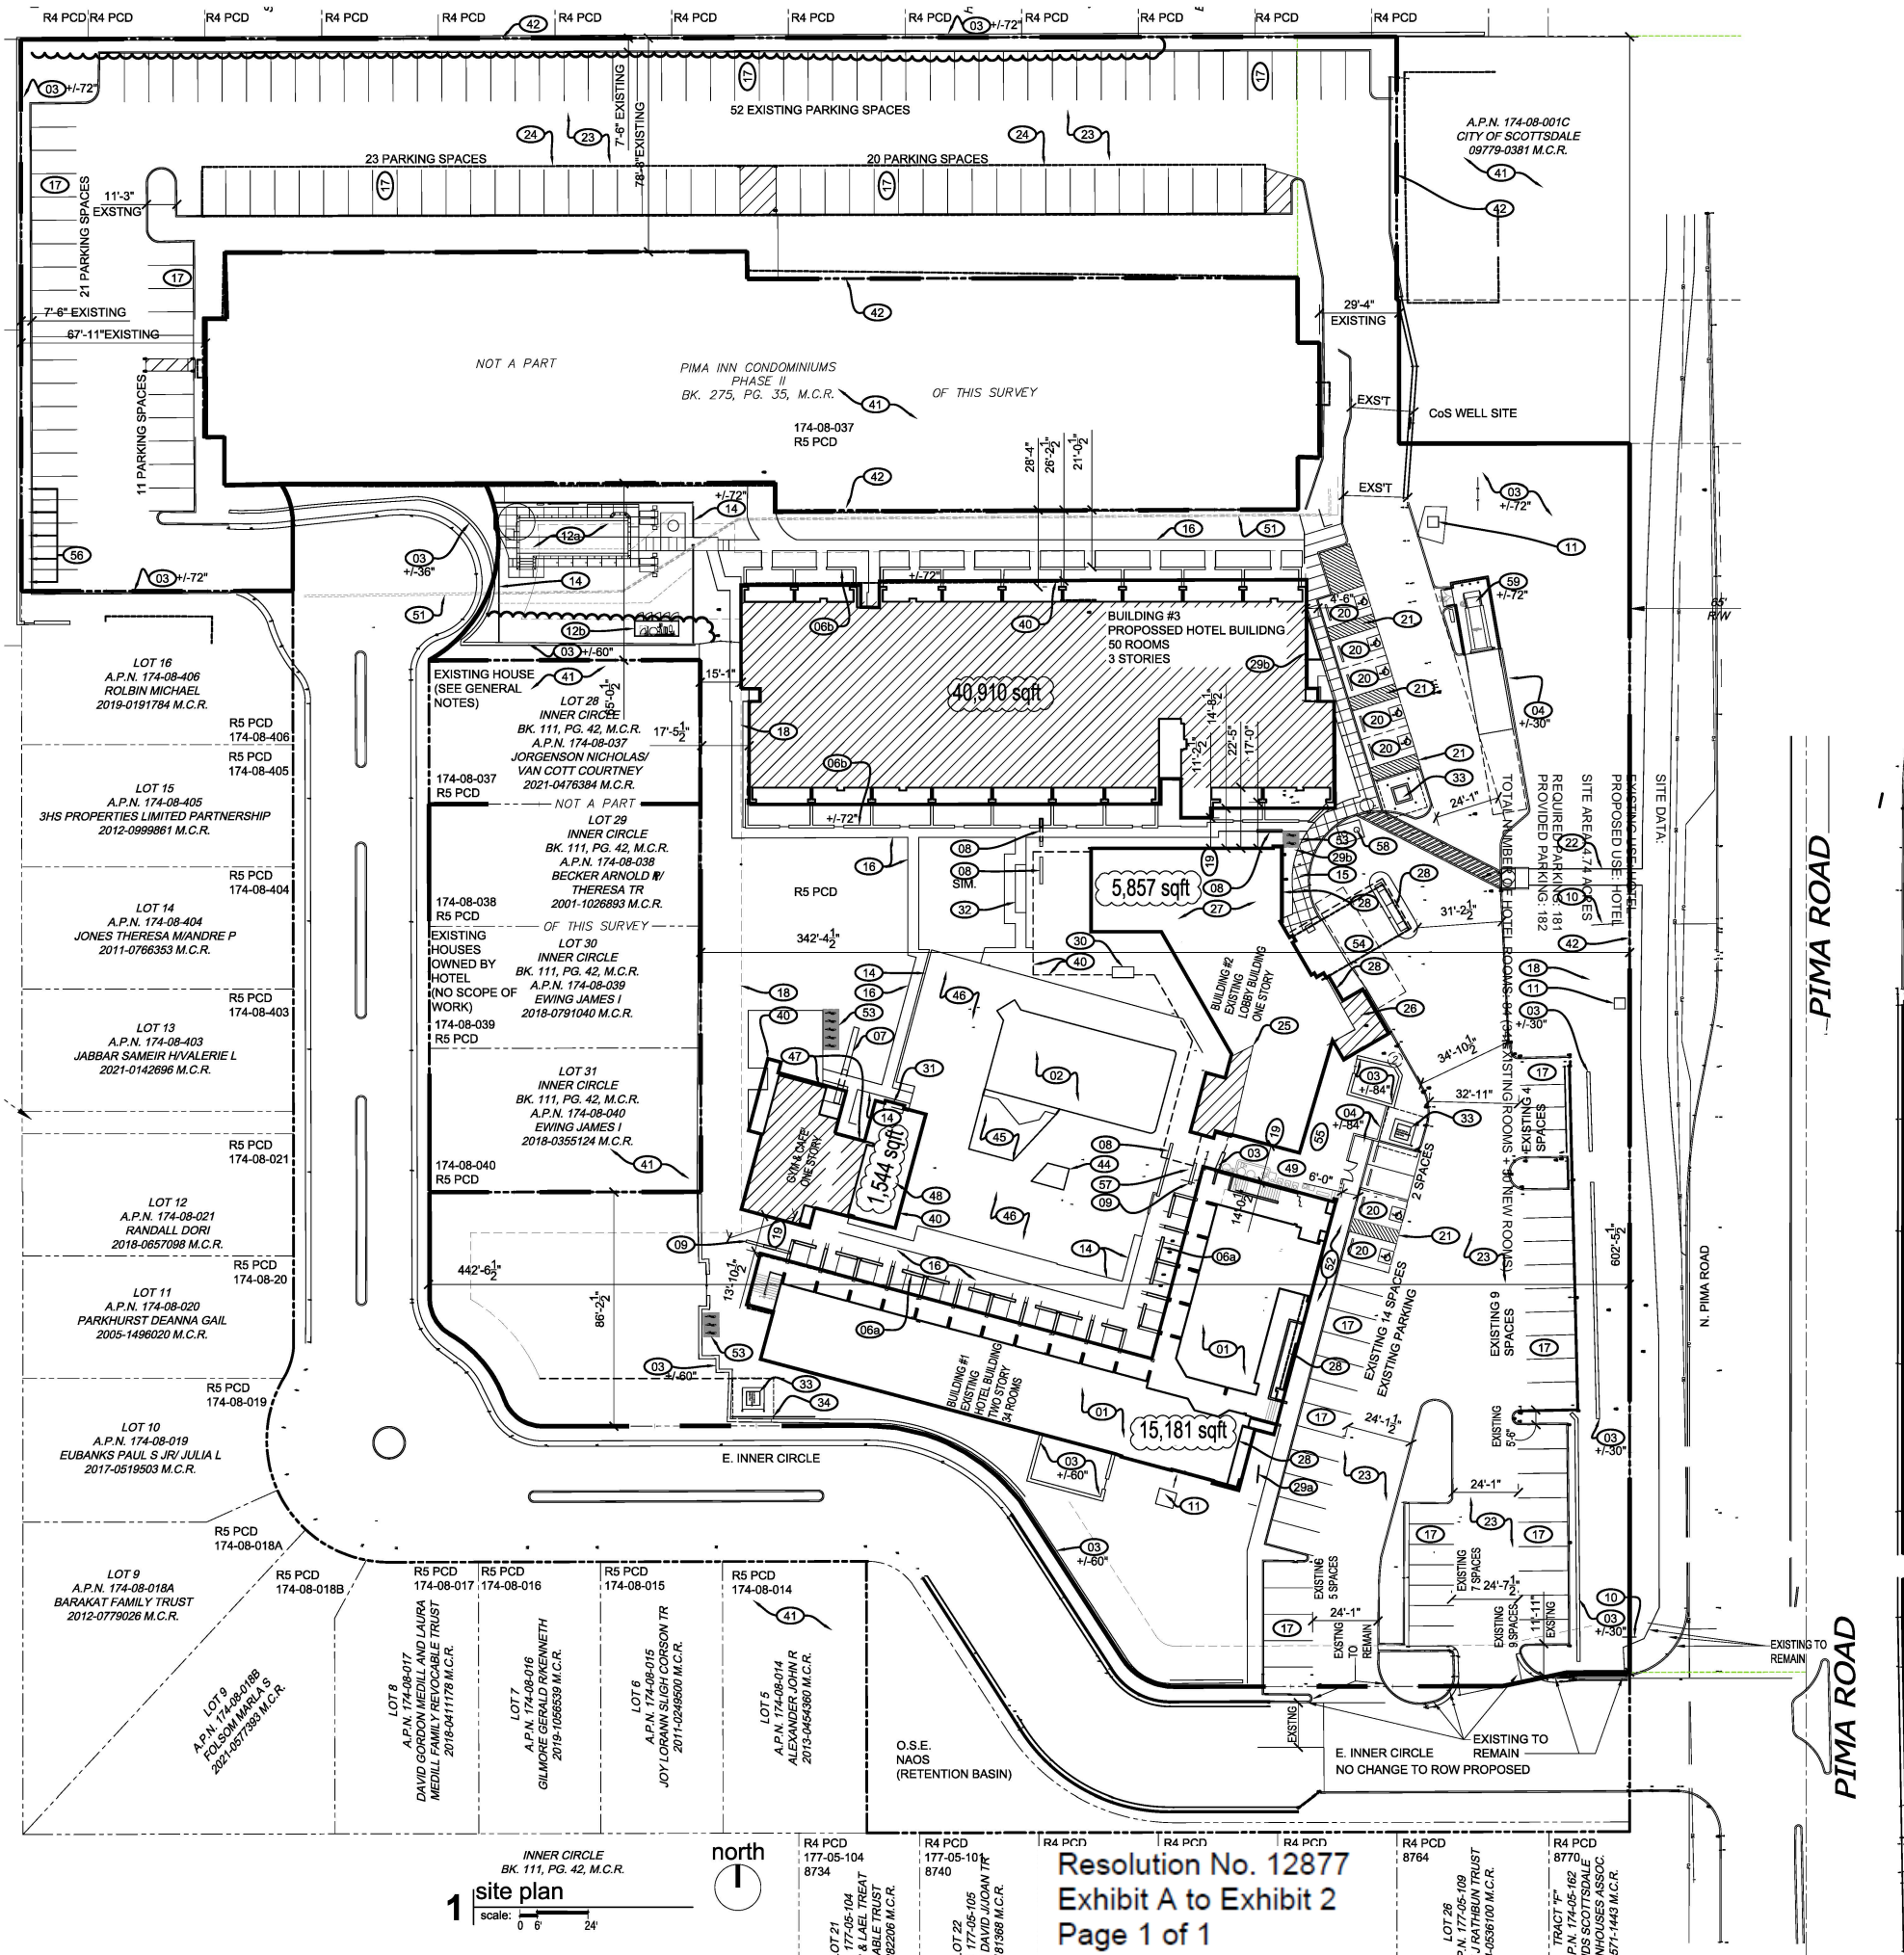

These stipulations are in order to protect the public health, safety, welfare, and the City of Scottsdale.

GOVERNANCE

1. APPLICABILITY. All stipulations of this case, 16-UP-2007#2, supersede all of the stipulations of case 16-UP-2007.

SITE DESIGN

2. CONFORMANCE TO CONCEPTUAL SITE PLAN. Development shall conform with the conceptual site plan submitted by FORS Architecture + Interiors, attached as Exhibit A to Exhibit 2. Any proposed significant change to the conceptual site plan as determined by the Zoning Administrator, shall be subject to additional action and public hearings before the Planning Commission and City Council.
3. MAXIMUM DWELLING UNITS/MAXIMUM DENSITY. The number of rooms on the site for the hotel shall not exceed 84 without subsequent public hearings before the Planning Commission and City Council.
4. BUILDING HEIGHT LIMITATIONS. No building on the site shall exceed 36 feet in height, measured as provided in the applicable section of the Zoning Ordinance.
5. OUTDOOR LIGHTING. The maximum height of any outdoor lighting source, except any light sources for patios and/or balconies, shall be 16 feet above the adjacent finished grade.
6. MATURE TREES. Mature trees shall be installed along the north and west elevation of the new hotel building to help provide screening adjacent to the existing residential buildings.
7. SIGNS. No building wall signs (except required by the fire department) shall be installed along the north and west elevations of the new hotel building.

INTRODUCTION

Location / Current Use

We are proposing a modernization, renovation, and addition to the existing hotel located at 7330 North Pima Road, Scottsdale Arizona. This is an existing operating hotel. There is an existing approved NEW DRB for this site that was not built. We are proposing to amend that approved DRB. This former Days Inn is transitioning from a modest, budget motel to a luxury boutique hotel, with an emphasis on wellness and health. The existing development plan was never realized, which was an approved plan for a one-hundred guest-room hotel. This revised proposal reduces the hotel room count to eighty-four and focuses on a superior guest experience.

This approved plan was for a Hyatt Hotel with 100 hotel rooms, interior meeting rooms and event spaces over 1,000 sq.ft. and 244 parking spaces. This was a "blade the site" and provided a one building mass design solution.

Request

Amend the unreleased and approved DRB and UP.
Provide a hotel with a variety of building heights and volumes linked by usable outdoor spaces and courtyards centered around the existing hotel pool. This is a proposal for an 84 guest-room hotel. The open space is proposed to increase by over 14,500 square feet to the approved DRB. The setbacks are per the City of Scottsdale requirements and relief or modification to them is not sought.

Retain and reuse the existing 2 story hotel building and the one-story lobby building. Demolition of the existing one-story hotel building and replacement of it with a new hotel building that is two stories and steps up to three stories high. Provide a new one-story fitness building and an outdoor pool café'. In addition, provide a new north swimming pool and activity area which would be a shared use pool for hotel guests and the neighboring condominium building to the north.

Proposed to increase usable shaded outdoor space from the approved DRB. The approved DRB allowed a parapet height of 34'-11" and a maximum building element of 44'-0". The proposed parapet height for the new hotel building is proposed to be 34'-11" and the maximum building element is proposed to be 42'-0" which is the stair tower that allows access to the roof.

2020 e broadway.tucson.az.85719 520.795.9888 www.FORSarchitecture.com

The GEORGE Hotel

CONDITIONAL USE PERMIT

OVERALL CONCEPT

The George Hotel is envisioned as a luxury, high-end, boutique hotel. This former Days Inn is transitioning from a modest, budget motel to a luxury boutique hotel, with an emphasis on wellness and health. The proposal is for a community of buildings, tied together by open spaces. The community of buildings is proposed to have a shared color palette and finish materials. This project reinforces the resort hotel connection to Scottsdale's nearby amenities and will help preserve Scottsdale as the preferred high-end destination in the Southwest. The hotel will function as a lifestyle destination and will provide a high-quality project complete with hospitality, fitness, and significant open space amenities. The landscape and outdoor spaces are carefully crafted to enhance the hotel guest experience.

PROJECT LAYOUT

An existing centrally located swimming pool is the project's beating heart. The pool is surrounded by protective arms of outdoor space. The outdoor space is proposed to have a variety of guest experiences including an upgraded pool deck area, pool café', upgraded and densified landscaping, patios for yoga, stretching, exercise activities, meditation, and quiet relaxation. A variety of shade and sun experiences will be provided to hotel guests. The pool deck will host two cafés. The existing lobby café will be expanded and offer upgraded outdoor seating experiences with integrated landscaping. A new outdoor pool café' is also being added. The new pool café' will offer a limited menu, including healthy snacks as well as select comfort foods. The central lush courtyard will be surrounded on the south by the existing two-story hotel building. This existing building faces inward, into the property. Exterior circulation enhances and activates the southern edge with pedestrian movement and guest destinations. The existing rooms interiors will receive new material, furniture, and fixtures. To the east the exciting one-story lobby building will remain. The building houses the existing laundry and will also house new back-of-house administrative offices. Also, a renovated kitchen, lobby, guest services and dining room areas are envisioned. The indoor dining will be primarily focused on breakfast and lunch, in particular on cold or inclement days. A limited dinner menu will also be available.

The existing gym is being moved out of the lobby and into an expanded new one-story volume. The gym will form the west side embrace of the pool area. To the north, the existing one-story hotel building is proposed to be replaced with a new two and three story 50 room hotel building. The new building completes the embrace of the lush central area. The two-story portion steps down to the neighborhood to the west while the three-story portion faces the lobby to the south. The variety of building volumes and sizes contextually fits into the Scottsdale area.

The GEORGE Hotel

SUSTAINABLE DESIGN STRATEGIES

The design of the George Hotel is site-specific and approaches sustainable development with specific goals to respond to our Sonoran Desert environment. In our Sonoran Desert home, the sun is the dominant characteristic. The buildings are oriented to take advantage of this resource. The buildings have large overhangs and shade outdoor spaces. Generous overhangs allow the harsh summer sun to be blocked and create usable shaded outdoor livable spaces below them. The overhangs are also portioned to allow the winter sun in, allowing the sun and its warming rays to enter the buildings on our winter mornings. The overhangs also allow for hotel guests exiting the building to circulate through a transition zone, eliminating harsh sun glare and thermal shock, offering a transition zone. Select outdoor spaces are positioned to be tempered microclimates providing for year-round-use. Equally important to the sun; our precious water resources. To conserve water, existing turf areas are being reduced. Exterior private patios will receive a modern version of artificial turf as well as areas in the pool deck area. Natural turf that is scheduled to remain will be repurposed to function as active recreation areas. Cornhole, trampoline paddle ball, giant connect four, ladder toss, and bucket ball are a few of the active items scheduled for the turf areas that are to remain. In addition, rainwater harvesting is a central design theme. Rainwater will be celebrated and used in our landscaping areas. Multiple basins populate the site, to "bank" the rainwater, as it saturates the soil of the basins and sinks in. The basins are receiving new landscaping to take full advantage of the rainwater available. The large roof overhangs collect the rain and shepherd it to the landscape areas. This site also receives water from nearby Pima road and directs it to select basins and their new landscaping.

The landscape design was integrated early into the project and includes mature shade trees. In particular the large trees in the pool area to be retained. One of the great experiences at the hotel is the variety of birds that inhabit the site and make homes in the trees. By preserving the trees, we hope to retain our bird guests and their wonderful calls and sounds. Outside the central area, the existing mature trees are also to remain. Dead trees are scheduled to be removed and replaced with native desert species. At pedestrian areas existing oleander varieties are to be removed and replaced with more appropriate selection of landscape varieties. Water features proposed are features such as in swimming pools. Decorative fountains and features are not a proposed part of the work. Existing right-of-ways are also receiving new desert landscaping. The landscape design for this project can be conceptualized as a bullseye (not a literal interpretation, but rather a concept). The densified plantings of lush landscape in the center of the bullseye. These include green leafed existing shade trees, and shrubbery. Rings of native succulents and native species surround the center. The outermost rings include native paloverdes, agave, and cactus. Existing vehicular areas are at the perimeter. Existing oleanders at the property line are being retained, as neighbors that have come to our hosted project meetings enjoy the green barrier.

MATERIALS

The George Hotel material palette includes warm contemporary materials. Complying with previous comments received from the City of Scottsdale, the proposed color palette for the

The GEORGE Hotel

architecture in this project is subdued. Regional desert colors and textures are being specified. On the exterior, energy efficient thermal barrier materials are employed such as stucco insulated finish systems. This material integrates into the existing neighborhood stucco vernacular. More decorative materials such as tile, and masonry veneers are included at entries, pedestrian centric activity nodes, and ground floor areas where pedestrians will circulate. Private patios and upper walkways will utilize autoclaved wood products designed for sustainable use in our desert. The pool deck will have masonry pavers, cast locally in Arizona. This will reduce the carbon footprint of the shipping for this weight heavy material. Designed specifically for use in swimming pool areas, heat dissipation and non-slip traction informed the material requirements. Adjacent to these areas, ceramic porcelain tile with special non-slip surfaces is employed. Tile specified is manufactured in Mexico or the USA. Post-covid, shipping products from overseas, has reinforced sustainable issues and highlights schedule vulnerability to products originating from far away. Some areas and items in high use areas are specified to have tile finish. These products are durable and of lower embodied energy than comparable materials such as metal panels with fluorocarbon finishes.

The courtyards and gardens are specified to extol durable materials to reduce maintenance and embody longevity to reduce the need for replacement. Furniture, cushions, and materials have been selected to use products that limit plastics such as pvc but to include fabrics that take advantage of polyethylene terephthalate (PET) if it has been repurposed as a recycled material. Pedestrian centric areas will receive cultured stone products as wall finishes.

PARKING

Parking conforms to all City of Scottsdale parking requirements. The concept applied to parking; attempt to reuse as much of the existing car park as possible. This will lower our embodied energy and bituminous product use while also retaining a footprint already familiar to the neighborhood. Exception to this is our parking for our disabled guests. New barrier-free parking is being created for our guests with mobility issues.

LANDSCAPING

The street scape along Pima Road utilized existing landscaping and incorporates a densification of new native species. Existing rights-of-ways are also receiving new desert landscaping as an inclusion in the scope of work. Landscape design for this project can be conceptualized as a bullseye. The deceased plantings of landscape in the center. These include green leafed existing shade trees, and shrubbery. While rings of native succulents and native species surrounding the center, beyond these rings, native paloverdes, agave, and cactus are utilized in vehicular areas at the perimeter. Existing oleanders at the property line are being retained, as neighbors that have come to our hosted project meetings enjoy the green barrier.

The GEORGE Hotel

HOTEL

The hotel rooms will be housed in two buildings. One of the two buildings, existing building #1, a two-story exterior circulation building. This building will not change in room count and will remain at 34 rooms. This building will remain at 15,180 square feet of conditioned space. Additions are not proposed to this building. The new hotel building, building #3 will house a total of 50 hotel rooms. There are three types of hotel rooms proposed for this new building. Ground floor will house two efficiency (children's / grandparent) connection rooms, 13 suites, and three standard hotel rooms for total for 18 units (18 keys), second level will house 15 suites and 3 standard hotel rooms for total of 18 units (18 keys), The third level steps back and is of a smaller area than the first and second level. Because of its smaller footprint it contains fewer hotel rooms. 12 suites and 2 standard hotel rooms for a total of 14 units (14 keys) is envisioned for the third, top level. Luxury materials such as pvc-free wall covering, quartz composite counter tops, carpet with minimum 20% post-consumer materials, 100% formaldehyde free furniture products, and tile finishes. A total of 84 hotel rooms are proposed in the two buildings.

OFFICE

The existing administrative area, in the existing lobby building, is proposed for complete renovation. It is proposed to move the existing business office area near the lobby entrance for ease of guest interaction. This addition is proposed to be less than 260 square feet. The new hotel administrative areas are technology driven. Reservations systems, staffing work schedules, hotel room turnover, and guest services in modern hotels are all technologically concentrated. The existing administrative area is unsuitable to house this level of technology.

PUBLIC REALM

The GEORGE Hotel is organized around a main central swimming pool area. The pool is existing and proposed to remain with a new pool deck. Guest service and guest support areas around the pool are proposed. The pool deck will be a vibrant space with opportunities for a variety of play activities and quieter semi-private zones for mediation, reading, or small group conversation. Large roof overhangs offer shelter from the sun and create a boundary defining a sense of place.

The lobby will meet guests with a renovated arrival area employing "wayfinding" and reducing the visual clutter of signage to direct guests to the guest service counter. During the day, natural lighting will play the dominant role of introducing drama to the interior spaces. New natural finishes will emphasize the drama the sunlight introduces. In the evening hours visual interest will be created by warm, energy efficient, LED lighting accenting regional art objects and focus attention to conversation and social activities. Backgammon, bridge, whist, and the board game risk (among others) are being promoted in the hotel marking materials. There are video screens so that baseball enthusiasts can keep up to date with the latest activities prior to going or just returning from the regional venues across the street.

GENERAL PLAN CONFORMANCE

The GEORGE Hotel

The project lies within an area found on the Growth Areas Map designated as an activity area (Page 186 of the General Plan). One of the items the Growth Area Map describes is the tourism market. This illustrates the desired growth being dependent on the quality, character, and service level of local hotels and resorts. This proposed project will service the tourism market and improve upon the existing quality of the current hotel. The general plan also describes support for the presence of signature events and entertainment activities (page 215). This project is located across the street from the Salt River Fields at Talking Stick, which hosts the Colorado Rockies' and the Arizona Diamondback's practice fields and many other regional venues. The Great Wolf Lodge sits across the street as well. The lodge is a six-story hotel and water park. This project is proposed to offer upscale boutique hotel guest experiences for travelers that are seeking an alternative to staying at a waterpark centric hotel. The theme of this hotel will be focused on health and wellness experiences.

This proposed project does not lie within the bounds that are defined in the Character Area Plan. Character Area Plans are components of the General Plan that focus on long range, area-related goals, and policies. Character Area Plans are described in the General Plans as areas that supplement the city-wide goals and policies provided by the General Plan (Page 10). The City of Scottsdale has adopted the following Character Area Plans: Cactus Corridor, Desert Foothills, Dynamite Foothills Shea / East area, Old Town Scottsdale, Greater Airport, Southern Scottsdale.

This proposed project site is north of Chaparral Road and outside of Old Town Scottsdale Character Area Plan. The site is north of E. Indian Bend Road and outside of Southern Scottsdale Character Area Plan. The site is south of East Via de Ventura and outside of the Shea East Side Character Area Plan. This proposed project is not in the designated Character Area Plan. The project is not in an area appointed by a specific Level 3 neighborhood plan (page 23). This project is outside of the Peaceful Valley Neighborhood Plan and the Sherwood Heights Area Neighborhood Plan.

The hotel property does not have areas identified as Environmentally Sensitive Lands (ESL). The proposed project conforms to the recommendations and guidelines in the General Plan with regards to ESL.

SCOTTSDALE AREA CONFORMANCE CHARACTER & DEIGN GOALS AND APPROACHES

Determine the appropriateness of all development in terms of community goals, surrounding area character, and the specific context of the surrounding neighborhood. Respond to regional and citywide contexts with new and revitalized development in terms of:

- **Scottsdale as a southwestern desert community.**
- **Scottsdale as a part of a large metropolitan area with a unique reputation, image, character, and identity within its regional setting.**
- **Relationships to surrounding landforms, land uses and transportation corridors.**
- **Contributions to city wide linkages of open space and activity zones.**
- **Consistently high community quality expectations.**

The GEORGE Hotel

- **Physical scale relating to the human perception at different points of experience.**
- **Visual impacts (views, lighting, etc.) upon public settings and neighboring properties.**
- **Visual and accessibility connections and separations.**
- **Public buildings and facilities that demonstrate these concepts and “lead” by example.**

This project is not included in a Designated Character Area Plan. It is not included in a level 3 neighborhood area. It is not included or identified as an Environmentally Sensitive Land. It does lie in a Growth Areas Map Designated Activity Area. This Activity Area includes existing venues that are regional, national, and international destinations. This hotel will be within pedestrian access distances to nearby venues. This hotel will support these Scottsdale venues.

The Hotel will strengthen Scottsdale's relationship with the southwestern desert by encouraging outdoor experiences and promoting outdoor use and lifestyle. The exterior materials have been selected to complement the surrounding landscape color scheme.

The hotel will function in support of the larger metropolitan area by supporting the activity required for nearby venues. Guests from destinations all over the world will be welcomed by the Hotel.

From the hotel open spaces and exterior courtyards, the existing landscaping limits the distant views to the mountains and landforms. The landscaping roots the project and its visitors to the southwestern desert. Landscaping will shelter hotel guests from harsh sun while supplying visual interest.

Along the east side of the property is the Pima Bike Trail. Bicycle linkages will weave the hotel into the city. Linking the hotel into the existing community will help to create the livable community described in the General Plan. Utilization of the existing and well-maintained bike trail systems available in Scottsdale makes bicycling a viable mobility selection. Utilization of the bicycle networks will connect the hotel to offices, transit hubs, and the community. The hotel is positioned to market itself to cater to guests that enjoy health and wellness. The existing bike trail has close access to the McDowell Sonoran Preserve and other highly desirable destinations. The hotel plans to offer rental bikes to its guests as well as support services for guests that travel with their own bicycles. The existing upscale dining at Mercado on Hayden is also a short distance bicycle ride from the Hotel. The hotel is located geographically so that guests will be able to travel as pedestrians to nearby venues such as the Arizona Diamondbacks and the Colorado Rockies practice facilities. Bus route 81, Hayden / McClintock route, has a stop that is in front of the hotel. A new wider, and landscaped path will link the hotel to the existing transit stop.

Connectivity and a variety of mobility choices for the movement of people throughout the community are a goal of the general plan. We believe the proposed hotel conforms to achieving this goal.

This project archives pedestrian scale through the use of walkways and shade elements scaled to their use. Human scales of understandable courtyards and outdoor spaces as well as buildings that have approachable scale provide for this experience. This hotel and its courtyard spaces

The GEORGE Hotel

are not vehicular scale. Pima is a major road, a primary transit route within the community. Guests arriving by car will park in the parking lot and enter the property as pedestrians. The hotel will benefit all of Scottsdale citizens by supporting the nearby international venues. Pedestrians will be able to walk from the hotel to the venues.

While on the hotel property, pedestrian comfort is central to the design. Lighted walkways, landscaping, shade is all primary design features withing the development.

REGIONAL CONFORMANCE

Foster quality design that enhances Scottsdale as a unique southwestern desert community.

- **Recognize that Scottsdale's economic and environmental well-being depends a great deal upon the distinctive character and natural attractiveness of the community, which are based in part on good site planning and aesthetics in the design and development review process. These characteristics contribute substantially to the community's potential as a recreational resort area and regional trade center.**

The George Hotel material palette includes warm contemporary materials. Following previous comments received from the City of Scottsdale, the proposed color pallet for this project is subdued. Regional desert colors and textures are being specified. On the exterior, energy efficient thermal barrier materials are employed such as stucco insulated finish systems. This material integrates into the existing neighborhood vernacular. More decorative materials such as tile, and masonry veneers are included at entries, pedestrian centric activity nodes, and ground floor areas where pedestrians will circulate. Private patios and upper walkways will utilize autoclaved wood products designed for sustainable use in our desert. The pool deck will have masonry pavers, cast locally in Arizona. This will reduce the carbon footprint of the shipping for this weight heavy material. Designed specifically for use in swimming pool areas, heat dissipation and non-slip traction informed the material requirements. Adjacent to these areas, ceramic porcelain tile with special non-slip surfaces is employed. Tile specified is USPOM (produced in the USA) or in Mexico. Post-covid shipping products from overseas has reinforced the sustainable issues and highlights schedule vulnerability to products originating from far away. Some areas and items in high use areas are specified to have tile finish. These products are durable and of lower embodied energy than comparable materials such as metal panels with fluorocarbon finishes.

Existing landscape makes it difficult to see the hotel from Pima. That landscaping is being further densified. The streetscape will be one of natural desert landscaping. The plant palette selected is in compliance with City of Scottsdale approved landscape species and features. In addition, the new planting within the ROW along Pima Road is in compliance with the Scottsdale Road Streetscape Design Guidelines. The character of the landscape design will extend to the street. The boundary to the south along inner circle drive is also receiving new landscaping. The existing mature trees are specified to remain. The cracks in the existing stucco wall are specified for repair and the fence to be refinished. A new gate is scheduled to be installed per electric company requirements to access the ground-based transformer. The transformer will not be visible from the street as it will be screened by the gate and the existing wall. Vehicular access cannot be gained from this new gate as the transformer would block any access. As a part of this user

The GEORGE Hotel

permit, repair to existing streetlights, and patch and repair of sidewalks and roads to the south and east in Inner Circle Road are a part of the scope of work.

Existing signage along Pima Street is scheduled to remain. Previously additional screen walls to the south of the existing parking lot were proposed. Those screen walls have been removed from the scope of work per City of Scottsdale comment.

Photometric analysis for dark sky compliance has been performed and submitted to the City of Scottsdale to confirm compliance. Light fixture cut sheets have been submitted, please refer to the DRB submittal for exterior light fixtures proposed. Decorative pendant lights proposed for use under outdoor canopy roofs and have been changed to 100% cut off fixtures per City comment. In addition, the uprights at the building entry have been deleted per City comment. Ground based, low, 100% cutoff fixture, sidewalk lights, are now proposed in this area and assist with pedestrian navigation. The outdoor lighting fixtures proposed are modern in style which compliments the architecture.

Public Artwork

Public artwork is not provided nor required with this application. Artwork within common areas may be considered in the future. Any freestanding ornamental feature will be subject to a future City of Scottsdale submittal and is not included in this scope of work. Artwork within the lobby will be signature and significant original art pieces. Art provided will focus on regional local artists. This artwork is not required. The lobby art will not be considered public artwork and viewable only to hotel guests and hotel staff members. The project will also feature distinguishing and iconic architectural buildings and elements.

LAND USE GOALS AND APPROACHES

Recognize Scottsdale's role as a major regional economic and cultural center, featuring business, tourism, and cultural activities.

• Promote land uses that accommodate destination resorts along with the recreation, retail, residential, and cultural uses that support tourism activity.

2119

The proposed hotel is aligned with the General Plan Goal. The Hotel will help maintain Scottsdale's role as a major regional economic and cultural center. The GEORGE Hotel will provide unique guest experiences as well as support the nearby recreational uses. The project will be a destination for tourists and travelers that are looking for a boutique hotel that focuses on enjoying the abundance of open space and courtyards as well as upscale guest services.

The GEORGE Hotel will help sustain and strengthen Scottsdale's position as a premier international and national tourism destination and resort community. This project will enhance Scottsdale's tourism industry by providing a hotel with an upscale guest experience. Bicycle rentals will be promoted and work with the hotel identity of health and wellness. The rental bikes enhance the guest experience. Each hotel room includes yoga mats. Guests will be encouraged to use the mats in one of the organized yoga or stretching classes or to use them on their own in one of the

The GEORGE Hotel

outdoor spaces. Pedestrian connection to the nearby venues will be a marketing point for the hotel. This also is a fit for a hotel with a health and wellness theme. The new pedestrian linkages to adjacent venues will ensure convenient and easy travel options for tourists.

COMMUNITY MOBILITY GOALS AND APPROACHES

optimize the use of citywide systems and reduce the strain on regional and local/neighborhood systems. And explore alternative modes of transportation that reduce the reliance on the automobile. Place strong emphasis on connectivity with non-motorized access.

The GEORGE Hotel encourages a “park once” mentality. The project provides dining and hotel use in a compact, walkable environment. The comfortable shaded outdoor plazas, courtyards and pedestrian connections will encourage non-motorized trips both within the site and to nearby and connecting regional venues.

RESPONSE TO THE USE PERMIT CRITERIA BELOW:

- A. That granting of such conditional use permit will not be materially detrimental to the public health, safety, or welfare. In reaching this conclusion, the Planning Commission and the City Council's consideration shall include but not be limited to, the following factors:
 1. Damage or nuisance arising from noise, smoke, odor, dust, vibration, or illumination.
Damage or nuisance shall not arise from the GEORGE Hotel in regards to noise, smoke, odor, dust, vibration, or illumination. There are quiet hours and speed limits enforced to reduce noise, vibration, and illumination coming from the GEORGE as well as vegetation used as a sound dampening method and privacy screen. Outdoor recreation furniture such as grills and fire places are gas so they will not produce smoke or odor. The GEORGE Hotel will reduce odors and dust with frequent cleaning and maintenance.
 2. Impact on surrounding areas resulting from an unusual volume or character of traffic.
There will be little impact on surrounding areas resulting from unusual volume or character of traffic. The main traffic taking place on site is required to follow a low-speed limit and is separated from surrounding areas by landscaped areas with plenty of vegetation and are 20' wide at a minimum. The GEORGE Hotel is very walkable and pedestrian friendly, promoting a “park once” philosophy in order to reduce traffic and traffic volume.
- B. The characteristics of the proposed conditional use are reasonably compatible with the type of uses permitted in the surrounding areas.
The GEORGE Hotel will function in support of the surrounding areas by supporting the activity required for nearby venues such as the Salt River Fields at Talking Stick or the Great Wolf Lodge Water Park. The GEORGE Hotel will serve the tourism market by providing an upscale boutique hotel experience for those visiting the larger Scottsdale metropolitan area. Guests from destinations around the world will come to visit Scottsdale for its many attractions and activities and find a comfortable and luxurious place to stay at the GEORGE.

- KEYNOTES: (SHEETS a6.1 - A6.8)
1. E.I.F.S system, see chapter 31, E.I.F.S item #6
 2. veneer system, see chapter 31, stone veneer item #5
 3. fire department connection
 4. "FDC" sign per city of Scottsdale standards
 5. fire alarm flow alarm
 6. drain down
 7. exterior recessed light dark sky compliant
 8. common centerline
 9. EIFS finished horizontal surface - typical at perimeter edge, see chapter 31, E.I.F.S item #6
 10. control joint - typical at perimeter edge
 11. metal shade structure - east/west facing glass shade per energy code, see chapter 31, item #4
 12. pre-finished metal cap flashing, see chapter 31, item #4
 13. line of roof beyond
 14. pre finished glazing system, see chapter 31, items 1 & 2
 15. safety-rail hazard rail system
 16. patio wall - veneer system, see chapter 31, item #5
 17. line of wall beyond
 18. flashing - pre-finished system, see chapter 31, item #4
 19. stair tower beyond
 20. elevator override beyond
 21. screen beyond, see chapter 31, item #4
 22. existing Spanish clay tile to remain
 23. existing metal cap flashing with new painted finish
 24. existing stucco with new painted finish
 25. existing exterior door - repair defects + damage and refinish existing color
 26. existing window to remain
 27. new masonry patio wall - see detail 1 and 2/a6.8
 28. existing door frame to remain. new painted finish to match adjacent stucco wall semi-gloss finish on door frame
 29. new metal lattice for landscape climbing vine, painted finish
 30. new rail at disabled ramp
 31. new wall sconce, 100% cut-off dark-sky compliant, light color temp 2,800k 4" max projection from wall, recessed junction box
 32. new stucco screen wall
 33. xeriscaping see landscape dwgs
 34. existing fire department connection to remain
 35. new fire alarm equipment
 36. existing door and frame, refinish to match new color of adjacent wall
 37. wood - vertical (rain screen application)
 38. recessed down lights 100% cut-off, dark-sky compliant, light color temp 2,800k
 39. new wall sconce, 100% cut-off dark-sky compliant light color temp 2,800k, mount 8" below top of patio wall and 8" from edge (± 5'-6" above F.F.F.)
 40. wood paneling system over existing guard rail, see chapter 31 wood system 03
 41. emergency overflow scupper
 42. pool safety glass fence
 43. match custom aluminum fabrication finish to match aluminum window system. 2"x6" members.

LANDSCAPE GENERAL NOTES

- THE CONTRACTOR SHALL OBTAIN, AT HIS EXPENSE, ALL PERMITS WHICH ARE NECESSARY TO PERFORM THE PROPOSED WORK PER THE PLANS.
- CONTRACTOR TO VERIFY LOCATIONS OF ALL UNDERGROUND UTILITIES PRIOR TO ANY INSTALLATION.
- CONTRACTOR SHALL PROVIDE ALL LABOR, MATERIALS, AND EQUIPMENT NECESSARY TO INSTALL THE WORK INDICATED ON THE LANDSCAPE DOCUMENTS. HE SHALL BE RESPONSIBLE FOR CAREFUL SITE INSPECTION, DETAILED REVIEW OF THE PLANS, AND COORDINATION WITH OTHER CONTRACTORS ON-SITE PRIOR TO ANY INSTALLATION. ANY DISCREPANCIES SHALL IMMEDIATELY BE BROUGHT TO THE ATTENTION OF THE OWNER'S REPRESENTATIVE.
- PRIOR TO INITIATING THESE LANDSCAPE IMPROVEMENTS, THE LANDSCAPE CONTRACTOR MUST SCHEDULE A PRE- CONSTRUCTION MEETING ON-SITE WITH THE APPROVAL OF THE OWNER AND THE GENERAL CONTRACTOR. THE OWNER'S REPRESENTATIVE AND/OR THE PROJECT LANDSCAPE ARCHITECT MUST BE PRESENT. THE PURPOSE OF THIS MEETING IS TO RESOLVE ANY EXISTING SITE CONDITIONS THAT MAY BE IN CONFLICT WITH THESE LANDSCAPE CONSTRUCTION DOCUMENTS AND THEREFORE IMPACT THE INSTALLATION OF ANY OF THESE PROPOSED IMPROVEMENTS. THIS FIRST MEETING SHOULD BE SCHEDULED TO OCCUR AFTER THE COMPLETION OF ON-SITE AND OFF-SITE IMPROVEMENTS INCLUDING: ALL UNDERGROUND UTILITIES, MASS GRADING, AND STREET IMPROVEMENTS, DAMAGE TO EXISTING LANDSCAPING, UNDERGROUND UTILITIES, IRRIGATION LINES, ELECTRICAL LINES, ETC. SHALL BE REPAIRED AT CONTRACTOR'S EXPENSE.
- PLANTING SEASON: WITHIN THE OVERALL PROJECT PHASING AND COMPLETION REQUIREMENTS, THE SCHEDULE FOR PLANTING OF TREES AND SHRUBS SHALL BE AT THE DISCRETION OF THE CONTRACTOR. PLANTING DURING EXTREMELY COLD, HOT, OR WINDY PERIODS SHALL BE PERFORMED AT THE CONTRACTOR'S RISK. PLANTS WHICH ARE DAMAGED OR DIE PRIOR TO FINAL ACCEPTANCE AS A RESULT OF EXTREME WEATHER CONDITIONS OR OTHER ACTS OF GOD SHALL BE REMOVED AND REPLACED BY THE CONTRACTOR AT NO ADDITIONAL COST TO THE OWNER.
- PLANT SIZE, LOCATION, AND SPACING:
 - TREES AND SHRUBS ARE TO BE LOCATED SO THAT, AT MATURITY, THEY DO NOT INTERFERE WITH EXISTING ONSITE OR OFF-SITE UTILITY SERVICE LINES OR UTILITY EASEMENTS TO AN ADJACENT PROPERTY.
 - ALL SHRUBS AND GROUNDCOVERS TO BE A MINIMUM OF 2' FROM BACK OF SIDEWALK.
- ANY DISCREPANCIES FOUND BETWEEN THE PLANS AND THE SITE CONDITIONS SHALL BE BROUGHT TO THE ATTENTION OF THE LANDSCAPE ARCHITECT.
- ALL QUANTITIES PROVIDED ARE FOR BIDDING PURPOSES ONLY. LANDSCAPE CONTRACTOR SHALL VERIFY ALL QUANTITIES PRIOR TO CONSTRUCTION.
- THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL FINISH GRADES IN LANDSCAPED AREAS. HE SHALL DETERMINE, WITH THE GENERAL CONTRACTOR, THE EXTENT OF ROUGH GRADING AND/OR FINE GRADING TO BE ESTABLISHED BY OTHERS.
- ALL GRADING AND DRAINAGE SHALL BE IN ACCORDANCE WITH THE PLANS PREPARED BY THE PROJECT CIVIL ENGINEER OR AS DIRECTED BY THE OWNER'S REPRESENTATIVE. PROVIDE POSITIVE DRAINAGE AWAY FROM THE BUILDING(S) IN ALL CONDITIONS. CONTRACTOR TO MEET ALL EXISTING GRADES AT PROJECT BOUNDARIES. ROUGH GRADE SHALL BE 3" BELOW THE TOP OF ADJACENT WALKS AND CURBS PRIOR TO RECEIVING DECOMPOSED GRANITE.
- ADJACENT UNDISTURBED AREAS DAMAGED OR DISTURBED TO BE RESTORED TO ITS ORIGINAL CONDITION AT THE CONTRACTOR'S EXPENSE.

- CONTRACTOR SHALL FINE GRADE ENTIRE LANDSCAPED AREA AS REQUIRED FOR INSTALLATION OF PLANTING. ALL GRADES SHALL BE NEAT, RAKED SMOOTH AND BE FREE OF DEBRIS PRIOR TO SUBSTANTIAL COMPLETION.
- PRIOR TO SPREADING MATERIAL GROUNDCOVERS, ADJUST AND COMPACT FINISH GRADES, APPLY WEED PRE-EMERGENT SURFLAN PER MANUFACTURER'S INSTRUCTIONS. THEN SPREAD DECOMPOSED GRANITE AS INDICATED ON PLANS. PROVIDE A SECOND APPLICATION OF THE PRE- EMERGENT SURFLAN AT THE END OF THE MAINTENANCE PERIOD
- ALL LANDSCAPED AREAS SHALL RECEIVE A 2" TOP DRESSING OF DECOMPOSED GRANITE AS SPECIFIED IN THE TOPDRESS SCHEDULE. PROVIDE SAMPLE OF SIZE AND COLOR FOR APPROVAL BY LANDSCAPE ARCHITECT AND OWNER'S REPRESENTATIVE PRIOR TO DELIVERY.
- STAKE LOCATIONS OF ALL TREES FOR APPROVAL PRIOR TO INSTALLATION OF ANY PLANT MATERIAL.
- ALL PLANT MATERIAL SHALL BE HEALTHY, VIGOROUS, WELL BRANCHED, AND DENSELY FOLIATED (WHEN IN-LEAF) AS IS TYPICAL FOR THE SPECIES. THEY SHALL HAVE HEALTHY, WELL DEVELOPED ROOT SYSTEMS (NOT POT BOUND), A NORMAL HABIT OF GROWTH CONSISTENT WITH INDUSTRY STANDARDS, AND SHALL BE FREE OF ANY BRUISES, CUTS, OR OTHER ABNORMALITIES.
- ALL RIGHT-OF-WAY PLANT MATERIAL MUST BE IN COMPLIANCE WITH THE DEPARTMENT OF WATER RESOURCES LOW WATER USE PLANT LIST.
- BACKFILL MIXTURES, EXCEPT AS NOTED, TO BE COMPRISED OF 75% NATIVE SOIL AND 25% DECOMPOSED GRANULAR BARK MULCH AND 2 LBS. DISPERSAL PER CUBIC YARD OF BACKFILL.
- ADD AGRI-FORM FERTILIZER TABLETS AT THE FOLLOWING RATES:
1 GALLON PLANT - 1 TABLET
5 GALLON PLANT - 2 TABLETS
10 GALLON PLANT - 4 TABLET
15 GALLON & 24" BOX TREE - 6 TABLETS (MIN.)
TABLETS TO BE PLACED NO DEEPER THAN 6" BELOW SOIL SURFACE.
- LANDSCAPE CONTRACTOR IS RESPONSIBLE FOR ALL PLANTS SHOWN ON PLANTING PLAN. DO NOT SUBSTITUTE PLANTS BY TYPE OR QUANTITY WITHOUT WRITTEN APPROVAL FROM THE LANDSCAPE ARCHITECT OR OWNER'S REPRESENTATIVE.
- THE OWNER'S REPRESENTATIVE RESERVES THE RIGHT TO REJECT ANY SELECTION OF PLANT MATERIAL THAT DOES NOT SATISFY THE INTENT OF THE LANDSCAPE DESIGN BASED ON SIZE, SHAPE, EVIDENCE OF STRESS OR IMPROPER CARE.
- PRIOR TO INITIATING THE 90-DAY MAINTENANCE PERIOD, COMPLETE ANY INITIAL PUNCH LIST ITEMS, THEN OBTAIN APPROVAL FROM OWNER'S REPRESENTATIVE OF SUBSTANTIAL COMPLETION. DETERMINE WITH OWNER'S REPRESENTATIVE THE START DATE FOR THE 90-DAY MAINTENANCE PERIOD. CONTRACTOR TO THEN MAINTAIN LANDSCAPE WHICH MAY INCLUDE WATERING, WEEDING, PRUNING, AND REPLACEMENT OF ANY MATERIAL THAT HAS DIED OR IS SHOWING EVIDENCE OF STRESS. SUBMIT WRITTEN REQUEST FOR FINAL PUNCH LIST ONE WEEK PRIOR TO END OF MAINTENANCE PERIOD.
- THE CONTRACTOR SHALL WARRANTY THE PLANT MATERIAL, IRRIGATION SYSTEM, AND WORKMANSHIP FOR A MINIMUM PERIOD OF ONE YEAR.
- ALL TREES ARE TO BE STAKED AND GUYED PER LANDSCAPE DETAILS FOR A PERIOD OF ONE YEAR. CONTRACTOR SHALL REMOVE ALL STAKING AND GUYING PRIOR TO THE FINAL, ONE YEAR WALK THROUGH. LOCATION OF ALL ELEMENTS ON THIS PLAN SHALL BE APPROVED BY OWNER'S REPRESENTATIVE. PRIOR TO INSTALLATION, A MINIMUM OF THREE FOOT (3') ACCESS TO AND CLEARANCE AROUND ALL FIRE HYDRANTS PER MAG STANDARD DETAIL 362 IS TO BE MAINTAINED.

CITY OF SCOTTSDALE LANDSCAPE NOTES

- AREAS OF SALVAGED DESERT SURFACE SOIL WITHOUT PLANT MATERIALS / GROUNDCOVERS SHALL NOT EXCEED DIMENSIONS OF MORE THAN 7 FEET IN ANY ONE DIRECTION, MEASURED BETWEEN PLANT CANOPIES AND / OR COVERAGE.
- A MINIMUM OF 50 PERCENT (UNLESS OTHERWISE STIPULATED BY THE DEVELOPMENT REVIEW BOARD AND / OR THE ZONING ORDINANCE REQUIREMENTS) OF THE PROVIDED TREES SHALL BE MATURE TREES, PURSUANT TO THE CITY OF SCOTTSDALE'S ZONING ORDINANCE ARTICLE X, SECTION 10.301, AS DEFINED IN THE CITY OF SCOTTSDALE'S ZONING ORDINANCE ARTICLE III, SECTION 3.100.
- A SINGLE TRUNK TREE'S CALIPER SIZE, THAT IS TO BE EQUAL TO OR LESS THAN 4-INCHES, SHALL BE DETERMINED BY UTILIZING THE SMALLEST DIAMETER OF THE TRUNK 6-INCHES ABOVE FINISHED GRADE ADJACENT TO THE TRUNK. A TREE'S CALIPER SIZE, FOR SINGLE TRUNK TREES THAT ARE TO HAVE A DIAMETER GREATER THAN 4 INCHES, SHALL BE DETERMINED BY UTILIZING THE SMALLEST DIAMETER OF THE TRUNK 12-INCHES ABOVE FINISHED GRADE ADJACENT TO THE TRUNK. A MULTIPLE TRUNK TREE'S CALIPER SIZE IS MEASURED AT 6" ABOVE THE LOCATION THAT THE TRUNK'S SPLIT ORIGINATES, OR 6" ABOVE FINISHED GRADE IF ALL TRUNKS ORIGINATE FROM THE SOIL.
- AREA WITHIN THE SIGHT DISTANCE TRIANGLES IS TO BE CLEAR OF LANDSCAPING, SIGNS, OR OTHER VISIBILITY OBSTRUCTIONS WITH A HEIGHT GREATER THAT 1.5 FEET. TREES WITHIN THE SIGHT TRIANGLE SHALL HAVE A SINGLE TRUNK AND A CANOPY THAT BEGINS AT 7 FEET IN HEIGHT UPON INSTALLATION. ALL HEIGHTS ARE MEASURED FROM NEAREST STREET LINE ELEVATION.
- ALL TURF PANELS SHOWN ARE ARTIFICIAL TURF PANELS AND ARE NOT IN THE CITY RIGHT-OF-WAY. LAWN GRASS WILL NOT BE USED.
- RETENTION/DETENTION BASINS SHALL BE CONSTRUCTED SOLELY FROM THE APPROVED CIVIL PLANS. ANY ALTERATION OF THE APPROVED DESIGN (ADDITIONAL FILL, BOULDERS, ETC.) SHALL REQUIRE ADDITIONAL FINAL PLANS STAFF REVIEW AND APPROVAL.
- ALL RIGHTS-OF-WAY ADJACENT TO THIS PROPERTY SHALL BE LANDSCAPED AND MAINTAINED BY THE PROPERTY OWNER.
- PRIOR TO THE ESTABLISHMENT OF WATER SERVICE, NON-RESIDENTIAL PROJECTS WITH AN ESTIMATED ANNUAL WATER DEMAND OF TEN (10) ACRE-FEET OR MORE SHALL SUBMIT A CONSERVATION PLAN IN CONFORMANCE WITH SECTIONS 49-245 THROUGH 49-248 OF THE CITY CODE TO THE WATER CONSERVATION OFFICE.
- TURF SHALL BE LIMITED TO THE MAXIMUM AREA SPECIFIED IN SECTIONS 49-245 THROUGH 49-248 OF THE CITY CODE AND SHALL BE SHOWN ON LANDSCAPE PLANS SUBMITTED AT THE TIME OF THE FINAL PLANS.
- NO LIGHTING IS APPROVED WITH THE SUBMITTAL.
- THE APPROVAL OF THESE PLANS RECOGNIZES THE CONSTRUCTION OF A LOW VOLTAGE SYSTEM AND DOES NOT AUTHORIZE ANY VIOLATION OF THE CURRENT CITY OF SCOTTSDALE ADOPTED ELECTRICAL CODE.
- THE LANDSCAPE SPECIFICATION SECTIONS OF THESE PLANS HAVE NOT BEEN REVIEWED AND SHALL NOT BE PART OF THE CITY OF SCOTTSDALE'S APPROVAL.
- ALL SIGNS REQUIRE SEPARATE PERMITS AND APPROVALS.
- NEW LANDSCAPING, INCLUDING SALVAGED PLANT MATERIAL AND LANDSCAPING INDICATED TO REMAIN, WHICH IS DESTROYED, DAMAGED, OR EXPIRES DURING CONSTRUCTION SHALL BE REPLACED WITH LIKE SIZE, KIND, AND QUANTITY PRIOR TO THE ISSUANCE OF THE CERTIFICATE OF OCCUPANCY / LETTER OF ACCEPTANCE TO THE SATISFACTION OF THE INSPECTION SERVICES STAFF.
- NO EXISTING PLANTS MEET SIZE AND/OR SPECIES REQUIREMENTS NEEDED FOR A NATIVE PLANT PERMIT SUBMITTAL.
- THORNY TREES, SHRUBS AND CACTI SHALL BE PLANTED SO THAT THEIR MATURE SIZE/ CANOPY WILL BE AT LEAST 4 FEET AWAY FROM ANY WALKWAYS OR PARKING AREA CURBING

The GEORGE Hotel

Parcel 174-08-989

Activity # 430-PA-2021

To:

City of Scottsdale

7447 E. Indian School Road

Suite #105

Scottsdale, AZ 85251

Meeting was held at the hotel property 7330 N. Pima Road, Scottsdale, AZ 85258, hotel lobby exterior patio, veranda.

- Meeting began at (+/-) 5:35 pm and the presenters introduced themselves.
- The meeting invitation was read.
- Meeting attendees were encouraged to take advantage of the sign-in sheets
- A project overview was presented. A presentation board with a colored site plan was referenced for the following:
 - Orientation: site plan: Items explained to orient viewers: north is "up", location of Pima Road, existing hotel vehicular and pedestrian entrances, approximate location of this meeting on the site, major existing buildings
 - Existing parking lot entry to remain, no new curb cuts to public ways proposed. We are proposing to keep the existing right-of-way access, parking lot access, and curbs at the parking lot entry, with no changes. The proposed design takes advantage of the existing parking and added parking is not required to satisfy requirements of the proposed uses. Off-site parking is not proposed.
 - New parking-lot pole-lighting is not proposed. We are proposing to move two existing pole lights. This relocation will allow better traffic flow, firetruck, and garbage-truck access. One pole is proposed to move approximately 7'-0" east closer to Pima while the other is proposed to move approximate 40'-0" northward closer to the existing lobby building.

01 September 2022

- o Existing parking spaces for the disabled do not allow for smooth access from parking spaces to the lobby and rooms smoothly. Parking spaces for the disabled are being relocated, enlarged per CoS standards, and barriers removed so that the lobby and hotel rooms may allow better accessed by disabled guests.
- o Existing landscaping along Pima is proposed to remain and be augmented and densified. Weeds to be removed, trees to be pruned and receive maintenance. New landscaping is proposed to be native species. Added landscaping is proposed for the parking lot planting areas and along the faces of the buildings that face east toward Pima and along the building that faces south to Inner Circle Drive. On the property interior, landscaping along sidewalks, the pool deck, and next to pedestrian circulation is being proposed. The existing large shade trees are proposed to remain. New trees along the north side of the new building between the existing south face of the condominiums are proposed. Removal of the existing oleander in this area is proposed and replaced with new landscaping.
- o New screen walls are proposed in the southern parking area. Goal of new screen wall is to enhance screening of the parking from the neighborhood and act as a wayfinding element. The existing landscape is proposed to remain and be densified with new landscape along the parking lot entry. The middle aisle of parking is proposed to be "flipped" moving the middle aisle parking spaces closer to the hotel (away from the neighborhood).
- o Rainwater retention basin along Pima and Inner circle were pointed out. Rainwater detention basin locations are to remain.
- o The existing condominium complex to the north (not hotel property) were pointed out on the plan. The adjacent townhomes to the west were pointed out. The three townhomes to south are not a part of this proposed scope of work.
- o Proposed new north pool location was pointed out on the site plan. Pool safety fence location and existing shrubs to west and south were pointed out as well as the new landscaping to the north between the south face of condominium and new pool fence.

01 September 2022

- The proposed color pallet for the project was shown at the meeting. Regional desert colors and textures are being specified. The color pallet board was at one of the sign-in tables ⁽³⁾ and pointed out to meeting attendees. Presentation boards with colored elevations ⁽⁴⁾ were shown and described.
- Renovation and reuse of the existing two-story hotel building, and reuse of the existing one-story lobby building allow for a scale of buildings already familiar to the neighborhood. Reuse of the existing buildings allows for the formation and creation of “green spaces” between the buildings. The approved Use Plan is a design for an urban, dense centralized, monolithic form. Modified from the existing approved Use Plan, this proposal instead suggests a decentralized neighborhood grouping of buildings with a scale similar to the existing neighborhood. Fewer hotel rooms allow for increased distance between the rooms and encourages pedestrian circulation that are created between the buildings. Encouraging walking, yoga, and similar outdoor uses form an identity for the hotel. This identity is reinforced with covered patios, rooms with garden entries, and usable covered patios which will enhance outdoor use, health, and wellness.
- Existing gym is proposed to be moved from lobby building to new one-story building on-site. The proposed gym and the associated yoga patio and exterior stretching area was pointed out on the plan.

At the meeting, an Informal headcount was made, 37 participants were present. (Not including the hotel staff and the presenters.) Of those 37 people, 26 took advantage of the sign-in sheets. There were 5 sign-in sheet stations and participants were encouraged to take advantage of the sign-in sheets.

Participants were encouraged share their written comments on the comment cards provided. Six comment cards were received.

Verbal Question and Answer portion of meeting. The comments have been divided into 5 typologies. More than one attendee expressed each typology.

- Comment typology #1 – security and nefarious activity
 - 1a. Related that there are issues with the security around Inner Circle Drive regarding home robberies and theft believed to be associated with transient behavior and individuals believed to be associated with the Condominiums.

01 September 2022

1b. It was related that there are issues with some activities taking place in the north condominium parking lot. Drinking and similar, as well as noise at night and early morning hours.

1c Individuals suspected to be transient / "urban-campers" make their way into the Inner Circle Drive neighborhood from Pima and camp in the detention basin on the south side of the street. Frequency of City of Scottsdale police car parked adjacent to south detention basin.

The Hotel does not have control over the behavior of individuals that live on other properties. It does not have control over those that live in the condominiums, their renters, or their guests. Those that have issue with the condominium should reach out directly to the Condominium Owner's Association. It is believed that renovation and improvement to the hotel will not increase the prevalence of transients.

- Comment typology #2 – street repair

2a. Street repair at Inner Circle Drive, it was reported that there are existing potholes, areas of deteriorate edges of street paving, and general paving issues.

2b. Existing streetlights on Inner Circle Drive, there is at least one streetlight that is not functioning.

2c, Sidewalks and curbs on Inner Circle Drive, reported that there are cracks, and, at areas of former street repair there are now missing segments.

The scope of work will include Inner Circle Drive (174-08-940) be patched and repaired. Also, a new seal coat will be provided for the entire length of Inner Circle Drive (174-08-940). Sidewalks and curbs that segments that are missing will be replaced. Sidewalk segments that large separation cracks will be replaced. Streetlights in the median that are not functioning will be repaired.

- Comment typology #3 – landscape maintenance

3a. Existing landscaping maintenance on hotel property. Requests to prune and maintain existing trees and shrubs and remove weeds.

3b. Existing landscaping next to sidewalks overgrown and in need of maintenance and pruning

3c. Existing detention basin on Inner Circle Drive, in need of weed maintenance and trees in need of pruning as well as trash collection

01 September 2022

3d. Oleander plants in the parking lot along the perimeter are in need of maintenance and pruning.

The scope of work will include pruning and maintenance of landscaping.

Oleanders along the north boundary and Northwest boundary will be pruned.

Palms in the median will be trimmed. Tree stumps in area south of 174-08-040 (#31 will receive grinding. The existing pine trees will receive maintenance. The existing retention basin (174-08-941) landscaping will be pruned and receive maintenance.

- Comment typology #4 – written agreements, condominium
Comments and questions about agreement between condominium Owners and Hotel

Cover sheet of approved UP – Existing Condominiums = 50 parking spaces

Proposed scope of work 59 parking spaces for the Condominiums

12 July 2022

Invitation to Neighborhood Meeting

Re: Parcel 174-08-989 Activity # 430-PA-2021 / DRB & UP / the GEORGE Hotel

Date of Meeting: September 01, 2022
Time: 5:30 – 6:30pm
Meeting Location: the GEORGE Hotel, 7330 N. Pima Road, Scottsdale, Arizona 85258
Proposal: Renovation and addition to the Hotel, City Development Review Plan and Conditional Use Permit (UP)

Exciting new rebranding of the hotel! A dynamic modernization, renovation and integration is proposed. To fulfill the achievement, we are requesting to amend the existing user permit with the City of Scottsdale.

This former Days Inn is transitioning from a modest, budget motel to a luxury boutique hotel, with an emphasis on wellness and health. The existing development plan was never realized and allowed for one hundred guest rooms, we are proposing to reduce the hotel room count to eighty-four and focus on a superior guest experience. To produce our goal, we are replacing the one-story existing building on the north portion of the site with a new building that will harbor upscale guest rooms. Revitalization of the existing hotel lobby building will be an integral segment of the new guest experience. The lobby will welcome guest services, lobby, breakfast, bar, and a renovated kitchen. New lobby building additions will receive hotel staff office areas, and new restrooms. Relocated from the lobby building, the Health-Center (Guest Gym), will offer expanded and augmented facilities in a new free-standing building. The existing pool is to remain with an improved, upgraded pool deck guest experience. New desert landscaping, shade, and guest service areas will enhance the existing pool and site. A new pool is proposed in the northwest corner of the site that will be a shared use facility for the Hotel and the existing residential condominiums that are adjacent to the hotel.

Meeting Agenda

- I. Introductions
- II. Discussion Points
 - [a] Project Overview
 - [b] Site plan
 - [c] Parking
 - [d] Proposed New Buildings
 - [e] Exterior Improvements
 - [f] Landscape improvement
- III. Questions and Answers
- IV. Comments via e-mail
- V. Adjournment

03 certified mailing

FORArchitecture + interiors

Instructions for Certificate of Mailing — Firm

This service provides evidence that the mailer has presented individual items to the Postal Service™ for mailing, and is available for the following products:

- Domestic services: First-Class Mail®, First-Class Package Service®, Priority Mail®, Media Mail®, Library Mail, Bound Printed Matter, Merchandise Return Service, Parcel Return Service, and USPS Retail Ground™.
- International services: First-Class Mail International® (unregistered items), First-Class Package International Service® (unregistered items), Free Matter for the Blind, and Airmail M-bags®.

The following instructions are for the preparation and use of PS Form 3665, *Certificate of Mailing — Firm* (including USPS-approved facsimiles):

1. Complete and print all forms in ink or ball point pen.
2. Enter the name and address of the sender at the top of the form.
3. Enter a complete return address on each article.
4. Ensure the articles are properly packaged.
5. In the appropriate column, enter the applicable postage and fees.
6. Insert a firm-specific identifier or account number if desired. (This number is for the sender's use only, and the Postal Service will not use it for identification.)
7. When describing and listing three or more individual pieces but not presenting the pieces in the order shown on the sheet, consecutively number each entry line on the sheet and number each piece to show both the corresponding sheet and line number.
8. Enter the total number of articles in the proper space at the top of the form.
9. Obliterate all unused portions of the "Address" column by drawing a diagonal line through the unused portion on the form.
10. When the number of articles presented exceeds the allotted space on the form, use multiple sheets, and in the provided blank spaces in the lower left of the form, number them consecutively to show sheet number and total number of sheets (such as "Page 1 of 4," "Page 2 of 4," etc.).

11. Present PS Form 3665 and the mailing as follows:

- When the mailing has fewer than 50 mailpieces and less than 50 pounds, present the form and mailing at a retail Post Office™ location.
- When the mailing has at least 50 mailpieces or at least 50 pounds, present the form and mailing at a business mail entry unit (BMEU) or USPS-authorized detached mail unit (DMU).

Privately Printed Forms: The Postal Service allows mailers to use USPS-approved privately printed or computer-generated firm sheets that are nearly identical in design elements and color to the USPS-provided PS Form 3665. See DMM 503 for details on the approval process.

The mailer must retain the original written approval granted by the Postal Service as evidence that the privately printed facsimile of PS Form 3665 has been approved by the Postal Service. The Postal Service does not retain records on the facsimile approvals. A mailer using privately prepared forms must periodically verify them against the USPS-provided version and, if necessary, make routine updates and obtain approval of the updated facsimile form.

A mailer using an approved privately printed form and wanting the form sheets postmarked by the Postal Service must present the forms with the articles to be mailed at a Post Office facility. The forms become the mailer's only receipt (the Postal service does not retain a copy).

Phone call from a Property Owner

Questions and Concerns

Parking lot pole lights and parking lot expansion

Parking lot pole lights

FORS stated, it is being proposed to retain the existing Parking lot light poles. It is not being proposed to add new pole lights to the parking lot. Some existing poles lights are being relocated; this is to better accommodate fire truck access and parking lot layout. To be specific, there is no pole moving more than 10'-0" from its existing location.

Parking spaces

It is not being proposed to add to the number of existing parking spots. We are proposing to shift a few parking spaces. For example, parking spaces that are visible from Inner Circle are proposed to shift in towards the existing building away from the street. This will allow new screen walls and added landscape. In addition, changes to the parking for disabled individuals are proposed to be changed. There are some existing difficulties in circulation, from parking spaces into the buildings. These issues are is being addressed in the proposed design.

Building Heights

There is no change to the existing zoning being processed.

Building #1

The existing two-story hotel building, closest to the corner of Pima and Inner Circle, is being retained. The building is proposed to receive new exterior finishes. New stone veneer, and stucco screen walls. There is no change to the number of hotel rooms in this building being proposed. There is no change to the maximum height of this building being proposed. This is an existing exterior circulation property. (The Doors to the hotel rooms are on the outside of the building.)

Building #2

The existing one-story lobby building is proposed to be retained. New lobby restrooms and a hotel staff office area are proposed to be added to the building. The shaded patio area that faces the existing swimming pool area is proposed to be expanded. The new Health and Wellness Center (Guest Gym) is being moved out the lobby building. It is proposed to be one story in height.

In addition to the existing pool, which is proposed to be retained, there is a second new pool being added for use by hotel guest and residence of the Condo's (controlled private use). This will be south of the existing two-story condominium building.

Building #3

Being proposed is a new three-story building. City of Scottsdale zoning PCD is capped to be a maximum of 36'-0". for 90% of the building. It is not proposed to amend this.

The neighbor expressed concern about the new adjacent Great Wolf Lodge and Water park across Pima Road. Great Wolfe Lodge was expressed as a disappointing experience for this neighbor, disappointment in the height, and lighting or Great Wolfe Lodge was expressed.

Neighborhood meeting date

The neighbor expressed concern for neighborhood participation due to winter residents being out of town in September.

<i>Neighbor name and contact to be shared with the City of Scottsdale but withheld from public record. We want to encourage participation from our neighbors without encumbrance</i>

Returning a call from a Property Owner

Questions and Concerns

Noise and nuisance from existing condominium building

Request for contact information for condominium association and discussion on how to register future complaints.

The Neighbor that was calling understood the condominium is a sperate entity from the hotel, however, has contacted the hotel in the past for assistance and the hotel has responded.

The Condominium complex has separate ownership and is not under the control of the hotel.

The hotel has no means to enforce actions or events on the property of the condominiums. The condominium has many separate owners.

Subject: CASE 26-DR-2022

The answer is "no". That part of Pima Road can't handle anymore traffic because of Great Wolf Lodge, the shopping center at Indian Bend/Taking Stick Way and Pima and Great Wolf Lodge. You developers forget we are in the midst of a PERMANENT DROUGHT !!! -- sent by Carolyn Kinville (case# 26-DR-2022)

⚠ External Email: Please use caution if opening links or attachments!

I strongly oppose this project and proposal as there are already concerns regarding traffic and water shortage. Please don't move forward with this project. Thank you!
